Parks/Recreation Committee

Regular Meeting Notice and Agenda

Village of Cross Plains

Village of Cross Plains
2417 Brewery Road
Cross Plains, WI 53528
(608) 798-3241

Monday, January 20, 2020
6:00 pm

I. Call to Order, Roll Call, and Pledge of Allegiance

II. Public Comment – This is an opportunity for anyone to address the Committee on any issue NOT on the current agenda. *Please observe the time limit of 3 minutes.* While the Committee encourages input from residents, it may not discuss or act on any issue that is not duly noticed on the agenda.

III. Reports

1. Committee Chairperson

2. Committee Members

3. Parks and Recreation Director

IV. Committee Discussion

1. Discussion and possible action regarding the use of ATV/UTV's on public streets within the Village of Cross Plains boundaries.

2. Presentation and discussion of the survey results of the H.M. Zander Community Nature Park Visioning Session.

3. Discussion and possible action regarding a Request for Proposals for a Parks Plan, including preliminary engineering and design work for an amphitheater in H.M. Zander Community Nature Park.

V. Adjournment

This meeting notice constitutes an official meeting of the above referenced group and was posted in accordance with all applicable laws related Open Meetings Law. It is possible that members of and possibly a quorum of members of other governmental bodies of the municipality may be in attendance at the above stated meeting to gather information. No action will be taken by any governmental body at the above stated meeting other than the governmental body specifically referred to above in this notice. Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals. For additional information or to request this service, contact the Village Hall at (608) 798-3241 or bchang@cross-plains.wi.us

Village of Cross Plains

Parks and Recreation Department

Memorandum

To: Parks, Recreation and Conservancy Committee
From: Michael Axon, Village of Cross Plains Parks, Recreation and Conservancy Director
Date: January 14, 2020
Re: Director's Report

Glacial Valley Playground Update

After numerous discussions with the community and feedback from the committee and vendors, we've decided to work exclusively with Boland Recreation, Inc., a distributer for Miracle Recreation, for the Glacial Valley Playground Update. Miracle Recreation offers "Sourcewell Pricing", which is a cooperative government sourcing program that assists public agencies with costs of their playground purchases by pooling all of its members' together. By doing so, we'll gain access to numerous suppliers of trusted brands and have a more direct contact with the supplier on design and construction.

Current proposed equipment to include in our design include:

- Encompass structures for 2-5 and 5-12
- Dinosaur Theme (If Possible)
- Minimum two Mega-towers with bridge connection
- Three-Four (3-4) slides
- Netting/webbing connections
- Generation Swing
- Gravity Rail
- 2 Color Pallet Options
    - (Sky, Orange, Light Gray)
    - Sky, Chartreuse, Light Gray)

Staff will continue to work with Boland Recreation with options to include and/or change for our site plan. Once 2-3 concept plans are in place, we'll provide them to the PRC and Community to vote on. Boland has been given Monday, February 17, 2020 as a date to propose the three concept plans.

Department and Staff Goals and Objectives

Staff have been working on goals, objectives and policies for the 2020. The department has regularly used the SMART (Specific, Measurable, Achievable, Results-Focused, Time-Bound) model to create this outline for both departmental and professional growth. This process has become an integral part in outlining both department and personal growth, focusing on current and future growth and development in our community. Staff will provide these goals to you in February 2020.

Ice Rink – Municipal Park

The Village of Cross Plains ice rink, located in the parking lot of the Cross Plains Pool is currently open for the season and has received a lot of use. Staff have been working to keep it open, including removing snow and resurfacing when needed. Staff has seen an increase in use which is always great to see.

Youth Basketball

Youth basketball begins in the month of January with 89 participants, ages 2nd grade-8th grade. Participants practice one day per week with games on Saturdays. The program stresses *FUN*damentals and team work, providing each child with equal playing time. A tournament is provided for 4th-8th grade on February 29 in numerous locations, including Cross Plains, Monona, Stoughton, Verona, Middleton, Stoughton and Waunakee.

Cross Plains Parks and Recreation Department – After School Program

The After-School Program currently has 38 participants for the month of January. Staff has received a number of compliments from parents and participants of the program. I'd like to recognize employees Katarena Ketelboeter and Andrea Fullerton for their development and implementation of this program. They've both been a tremendous asset to our community, listening to the needs and responding with a creative and positive opportunity. They've both done a fantastic job creating policy, communicating with parents and staff, and keeping a positive attitude. Thank you for all you do!

2020 Spring-Summer Activity Guide

Staff is currently working on the 2020 activity guide, including new opportunities for all ages! As directed, staff's working to get the information out to the community by February 21, 2020. This will be roughly one month earlier than years previous. To do so, staff decided that we needed to control the design and layout, no longer working with private services. By doing so, we've been able to save roughly $1400 while also keeping more control of the process.

Village of Cross Plains

Parks and Recreation Department

Memorandum

To: Parks, Recreation and Conservancy Committee
From: Michael Axon, Village of Cross Plains Parks, Recreation and Conservancy Director
Date: January 14, 2020
Re: Agenda Memo

---

1. ***Discussion and possible action regarding the use of ATV/UTV's on public streets within the Village of Cross Plains boundaries.*** The Village of Cross Plains Public Safety Committee unanimously approved the request to open Village streets as road routes for ATV/UTV's within the Village boundaries and has been sent to the Village board for consideration. At this time, Doug Brunner- Cross Plains Area Wheelers, is requesting the same approval from the Parks, Recreation and Conservancy Committee. An update from Doug Brunner is included in this packet. At this time, staff doesn't have any concerns with the proposal providing no such use is extended into any Village owned parks or conservancies. Staff would recommend a Motor Vehicle Use Agreement be formulated for ANY/ALL uses in Village owned parking lots. *FOR APPROVAL*

2. ***Presentation and discussion of the survey results of the H.M. Zander Community Nature Park Visioning Session.*** The Village held a public Visioning Session on Wednesday, November 20, 2019. The purpose of the Visioning Session was to, identify the scale, events and opportunities associated with adding a structure in H.M. Zander Community Nature Park, as outlined in the 2019-2024 Parks and Open Space Plan, as the top recommendation for improvement to existing parks. Results for such include:
   - Size
     - 30'X40'
   - Design
     - Arched roof
     - Stone Columns
     - Simple and Contemporary (Plover)
     - Storage
   - Events
     - Music/Concerts in the Park
     - Craft Fair/Art
     - Food Carts
     - Family Reunions
     - Farm to Table Meals
     - Races
     - Movies in the Park
     - Weddings
   - Amenities
     - Picnic Tables/Seating
     - Electric
     - Lighting
     - Stage
     - Bike Racks

    - Fire Pit
    - Grill
- Fundraising
    - Capital Plan
    - Naming Rights
    - Plaques
    - Square Flooring Sale

The Village distributed a communitywide survey online (surveymonkey) November 21-December 20, 2019. Questions were directly in line with the questions from the Visioning Session. The Village received 40 responses, which indicated a high level of support for a multipurpose structure to host live outdoor music. The Parks and Open Space Plan also indicated that residents wanted to see more placemaking improvements, like an outdoor performance venue and place to host public art. The detailed survey is included in the packet.

3. ***Discussion and possible action regarding a Request for Proposals for a Parks Plan, including preliminary engineering and design work for an amphitheater in H.M. Zander Community Nature Park.*** Staff has worked to draft a Request for Proposals to solicit proposals to hire a qualified firm or consultant(s) to provide conceptual design services to help properly plan for the construction of a 30'X40' Poligon Constellation Amphitheater, or similar, open air structure to be added in H.M. Zander Community Nature Park. No funding was secured in the 2020 budget for this project. As staff continues to work to keep this project in motion, related support services are needed. Staff would request approval for this project with the funding source to be determined by the Village Board. *FOR APPROVAL*

Scope of services will include:

- Phase 1
    - Conceptual site plan and related material to gain support for the project within the community.
    - Detailed Cost Estimate for the project.
    - Identify and define any encroachments, permits and/or regulatory approval required to be resolved in phase 2.
    - All aspects of design will comply with the American with Disabilities Act and State building regulations.
    - Attendance at up to 2 public meetings.
- Phase 2
    - Final Design and Bidding
- Phase 3
    - Construction

Parks and Rec Committee Updates:

Progress on Road Routes & Trails in and around the Village of Cross Plains.

- Presented at the Town of Berry and Town of Cross Plains and Town of Vermont. All look promising and are gathering information and establishing process for implementation.
- Private trail options look good both South and North. We have landowner's permission and are defining the specific routes.
- Village Safety Committee unanimously approved for consideration to the Village of CP Board.

Parks and Rec Specific Notes:

- The request is to use village road routes only. There will be no access in any village parks or conservancy.
- We would like specific permission from the committee to continue to plow Raspberry park parking lot and basketball court. This will be a pilot with the hope of adding a couple more secondary lots to our volunteers.
- We would like the committee to support the addition of ATV-UTV road routes within the village and allow the Village Board and Public Safety Committee to address specific safety concerns. It’s another great Recreational opportunity for our residents

Cross Plains Area Wheelers Updates:

- Voted to merge with the Badger ATV Club of Mount Horeb, WI effective 1-1-2020.
- This merger will strengthen numbers to approximately 150 members and 50 business sponsors.
- This action will also establish a Safety & Road Routes committee for the ongoing administration of new and existing road routes and trails. Committee will have 3 teams (Safety & Training, Road Routes & Trails)
- We are excited about this update and consider it a win-win for all involved.

Jackson County Trails Study – UW River Falls – James Jenke & David Trechter

- 34 pages – Full study URL – Executive Summary Below – Published January 2016
- https://watva.org/images/easyblog_articles/193/Jackson-County-ATV-Trail-User-Report-FINAL-V1-3-003-004.pdf

Non-local respondents reported spending between $355 and $427 on average in Jackson County. The largest expenditures were for lodging and food and drink. Total expenditures at Jackson County businesses by non-county trail users are estimated to be between $7.6 million and $9.2 million annually. Some of these expenditures remain in the Jackson County economy as businesses make purchases from other local businesses and employees and owners spend their wages and profits on local purchases.

To measure overall economic impact of trail visitors on the Jackson County economy, we need to account for the direct, indirect, and induced effects of non-county trail users. Direct impacts focus on the spending by non-county trail users. Indirect economic impacts are business-to-business transactions generated by trail users. For example, increased purchases of meals by visiting trail users would cause a restaurant to increase purchases of various foods for their menus. Induced impacts are the additional economic activity generated by the way workers and owners spend the incomes they earned from trail-related expenditures. For instance a worker in restaurant frequented by non-county trail users will spend some of his/her wages and tips on rent, and the landlord, in turn will spend some of this rent money at the local grocery store. The total (direct + indirect + induced) impact measures the net increase in economic activity (labor income plus profits) generated by non-locals who use Jackson County trails. The estimated annual economic impact of expenditures by non-county trail users are as follows:

- Between 118 and 142 jobs created/sustained
- Between $2.0 million and $2.4 million in labor income
- Between $4.0 million and $4.6 million added to the Jackson County economy.
- Between $7.8 million and $9.34 million of total economic activity (mostly labor income and profits)

Tri County Trails Study – University of Wisconsin

- 78 pages – Executive Summary Below – 2012
- https://watva.org/images/easyblog_articles/193/2012-Cheese-Country-Trail-Survey-Results.pdf

During the 12 month study period, the Cheese Country Trail experienced roughly 98,000 visitor days of use (one day's use of the trail by an individual trail user). Two-thirds of all visitor days were by trail users not from the local three county region. Almost ¾ of all visitor days occurred on weekends or holidays. The majority of Cheese Country Trail usage occurred between Memorial Day and Labor Day. A surprisingly high level of use occurred during the month of October. A modest amount of snowmobile usage occurred during the winter of 2010/2011 but was hampered by lack of snow and trail closures. **The Cheese Country Trail attracts an older crowd of outdoor recreationists; average age of user was in the mid-40's with non-local trail users tending to be older than local trail users. Non-local trail users were more apt to be college educated and had significantly higher household incomes when compared to local Cheese Country Trail users.** The Cheese Country Trail was the primary reason why most non-local visitors were in Green, Lafayette, and/or Iowa Counties. The highest concentration of Cheese Country Trail access occurred in either Monroe or Darlington. Day-trips accounted for nearly ¾ of all Cheese Country Trail usage. Non-locals often spent overnights in the area in local campgrounds or hotels and motels. Trail users also participated in related activities such as dining and shopping during their trips. Overall, trail users were generally satisfied with the important attributes of the trail itself. Individual trip expenditure patterns were very different when comparing local trail users with non-local trail users. **On average, individual non-local trail users spent between $175 and $220 per trip, depending on the time of year.**

Total spending of trail users exceeded $15 million during the 12 month study period. Non-local trail user spending provided an economic stimulus that infused over $13 million into the local economy during the 12 month study period. Non-local trail user spending supported almost 190 local jobs and contributed to almost $3 million in employee compensation for local residents of Green, Lafayette, and Iowa Counties. A host of public policy issues need to be addressed in order to maintain and enhance local development efforts relating to the Cheese Country Trail.

Law Enforcement and Local Board Members Feedback:

From: Tim Becker <Tbecker@reedsburgpolice.com>
Sent: Monday, March 5, 2018 11:27 AM
To: bob Spencer
Subject: RE: City of Baraboo ATV Route

Hi Bob,

In 2016 the City of Reedsburg Common Council adopted a UTV/ATV route through the City limits. Since that time the Reedsburg Police Department has NOT had any issues with the operation of ATVs/UTVs. We have NOT had noise complaints, speed complaints or traffic collisions. Although I have seen them operating through the City, they basically go unnoticed. It has been my experience that the average UTV/ATV operator has been mindful of traffic and safety concerns and very cooperative. If there is anything else I can provide please let me know!

Chief Tim Becker
Reedsburg Police Department

From: Ed Brooks <ebbrooks@rucls.net>
Sent: Monday, March 19, 2018 3:21 PM
To: baraboobluffsatvclub@gmail.com
Subject: expansion of trails in the Town of Reedsburg

To whom it may concern: A couple years ago the Town of Reedsburg introduced a couple of routes to allow ATV/UTV riders access to the City of Reedsburg. We experienced no problems with Club Members or they observance of Trail Rules. After expanding the list of access points last year again without problem this year we opened all of our Town Roads to ATV/UTVs. The club will contact individuals who live on dead end roads and mark these roads according to the wishes of those residents. The State has simplified the signing process and this is one of the reasons why we opened the entire Town to riders. Ed Brooks, Chairman. Town of Reedsburg 608-524-3902 or at the e-mail above

From: Julie Strutz <julesstrutz@yahoo.com>
Sent: Monday, March 19, 2018 11:00 AM
To: baraboobluffsatvclub@gmail.com
Subject: ATV Route

My name is Julie Strutz and a Town of Westfield Supervisor. We adopted an ordinance for our township in 2017. There were concerns when we went through the process but agreed to adopt it and review on a yearly basis. We have not had 1 single complaint.

Cross Plains Village Board,

As a local Cross Plains resident for over 18 years and a member of the law enforcement community for close to 26 years, I fully support local ATV/UTV road routes and trails throughout Cross Plains and in the surrounding area. From my extensive experience of riding snowmobiles and ATVs, those who own and ride these recreational vehicles are very responsible and respectful to landowners and provide a great deal of support to our economy as they assist our local business owners in a variety of different ways including volunteer efforts.

Thanks,
Captain Troy Hellenbrand, Middleton Police Department

Subject: RE: ATV routes

Bob,

The City of Elroy approved ATV/UTV routes back in the end of 2016. We have had no issues with the routes or any type of incidents involving ATV/UTV causing any issues with the flow of normal traffic. The route in Elroy allows a person to travel on HWY 80 across the bridge over the Baraboo River which also passes Kwik Trip here in town. As an avid UTV rider I would support Baraboo opening up routes allowing the use of ATV/UTV operation. If you would like a formal letter I will work on it in the next day or so, I have been swamped at work the past few days.

Tony R. Green, Police Chief
Elroy Police Department

Businesses and Non-Profits that Support ATV-UTV Routes in our Area

- Plastic Ingenuity
- K & K Manufacturing
- MP Power Sports
- Northwest Dane Senior Services
- Cross Plains Area Chamber of Commerce
- Hartung Brothers
- Main Street Lanes
- Kalscheur Implement
- Cross Plains Motors
- The R-Bar
- The Red Mouse
- Vetesnik Power Sports
- Hooty's Bar & Grill
- Home Remedies, LLC
- CP Riders
- Badger ATV Club
- Dresen Flooring Inc
- Van Den Bergh Plumbing
- Mid-Town Construction
- Statewide Supply – Bio Clean
- Statz & Harrop
- Pine Hill Farms LLC
- The Whippoorwill
- Latitude Graphics
- Vortex
- The Hilltop
- Culver's

Conclusion

Reasons to establish ATV routes in the Cross Plains area:

- ATV users spend money and it is an Economic Development opportunity that is FREE!
- Our area is beautiful! Let's show it off while getting some Madison & Middleton money back into our economy. HWY 14 goes both ways.
- ATV Registrations have grown over 90% since 2000 in our state! 300,000 + are registered.
- Other communities have figured it out. We can as well. Richland Center, Mauston, Arena, Black Earth, Mazomanie. Let's add Cross Plains to the list.
- The local snowmobile club is a model of volunteer effort. The challenge is that it is weather dependent. ATV'ing isn't. We will follow the same successful model without praying for snow.
- Road routes will simply take advantage of existing road infrastructure and the rubber tires do zero damage. The gas tax and registration fees ATVs pay are used for road maintenance.
- It is an amenity for residents. Why should they trailer to spend money in other communities?
- ATVs and UTVs average 40 mpg and some reach up to 80 mpg. Errands are fun and efficient.
- This use fits well with Cross Plains Sustainability and Buy Local focus.

Reasons to oppose ATV routes in the Cross Plains area: (There really aren't any……..)

- I am sure we will hear about Noise and Safety as two reasons to oppose. We will counter that with education and training. This is safely done in most counties in our state. Let's let Cross Plains area residents in on the recreation and our businesses in on the commerce.
- We also may hear, "but we are a hiking and biking destination". To that, I say, we can be both. ATVs co-exist well all over the state including near the Kickapoo Valley Reserve and in the Minocqua area. We are partners with other opportunities, not competitors.
- We feel strongly that this is a great opportunity for our area, and we are investing our own time and money to make it happen.

Q1 What type of events or activities would you like to see in the structure?

Outdoor movie nights for families in the summer

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Bathrooms, water fountain & in a place that has a great view of the creek.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Projection screen for family movie nights in the grass. Partnership with Tanos for pizza nights in the park with a movie!

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Definitely restrooms with a water fountain!

Q5 Do you have any "funding ideas" for the structure?

Pizza in the park fundraiser with Tanos!? Followed by a beer/wine crawl the same evening.

Q1 What type of events or activities would you like to see in the structure?

Concerts, theater, special presentations, group gatherings

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

A covered area with concrete base. I like the structure at Indian Lake - something similar in size and design.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Picnic tables, electricity. A stage would be nice - but maybe it is more important to provide more seating than a stage?

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lighting. Restrooms would
Be great. Maybe on north side of creek closer to businesses but accessible from park? More signage would be great.

Q5 Do you have any "funding ideas" for the structure?

Offer naming rights to a large donor.

Q1 What type of events or activities would you like to see in the structure?

Community picnic, concerts, ability to be rented out for private events.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

I would like to see something like the structure in Waunaukee's village park

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Electrical, kitchen, picnic tables. A bathroom would be nice too.

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Restroom

Q5 Do you have any "funding ideas" for the structure?

Direct mailings, hosting events with business (share nights), grants (maybe?)

Page 1

Q1 What type of events or activities would you like to see in the structure?

Concerts, speaking events, parties

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

It needs to be unique. Don't want to see the same old structure you see everywhere else. The structure itself should also be something people talk about and want to see.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Stage, tables, electric, water

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

A little bit of lightning to make it safe at night but not overboard

Q5 Do you have any "funding ideas" for the structure?

Hold events at the creek throughout the year. Concert, food carts, brat stands. Donations get you a brick with name on it.

Page 1

Q1 What type of events or activities would you like to see in the structure?

Small concerts. Weddings. Village celebrations.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Concrete floor. More band shell style. Push to one side of open grass area so could add a circus tent.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Electrical. Stage can be bright in as needed. Limited tables as they tend to be hassles. A couple nearby benches outside the canopy.

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lighting that is motion activated so to reduce potential for misuse at night. Downward facing lights to reduce light pollution. R at rooms can be brought in. Very limited signage.

Q5 Do you have any "funding ideas" for the structure?

Naming rights for the structure. $10k minimum. More like half the cost.
Let’s get this right and not Half a$$ it.

Page 1

Q1 What type of events or activities would you like to see in the structure?

Live music, children's storytime and art projects (contact the Madison Art Cart to see if they will come there once in the summer), family friendly events, nature talks.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Unsure since I am not very familiar with park structures in general & don't know your budget. Two park structures we find to be useful are the rennebohm park structure in madison (it has bathrooms and an area for picnic tables) plus the even nicer structure at winnequah (dream park) in monona, also has a bathroom. Groups can rent them which generates revenue.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Definitely tables. Bathrooms are more important than a stage in my opinion (especially with small children and many families use the walking path). Electrical is a plus. Sink. Maybe a dog washing stall? Unsure since I don't have a dog but owners may like to clean dogs off after they go in the creek?

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lighting, picnic tables, bathrooms would be wonderful.

Q5 Do you have any "funding ideas" for the structure?

Allow groups to reserve for revenue. Allow entities to buy a brick with their name on it in a walkway leading up to shelter.

Page 1

Q1 What type of events or activities would you like to see in the structure?

A space to rent for family gatherings and a useful space to bring in food and/or bands for community events.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

I think a cabin-ish style would be neat. Bathrooms and a drinking fountain would be nice and lots of multipurpose seating and tables.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

I think picnic tables would be great since you can move them around pretty easily to customize the space but I feel like they get run down really easily. Outlets would be lovely so people could bring in crockpots and for speakers. I don’t think a stage would be necessary but a place to put a band or DJ would be great. A built in sound system would be a nice asset as well.

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lights are always great to have. I think the amount of benches that are placed along the park is perfect. Restrooms would be a really good asset.

Q5 Do you have any "funding ideas" for the structure?

It would be cool to see some kind of craft fair, a 5k, learn to fly fish or something that brings all the wonderful business and knowledgeable humans together that we are fortunate to have in this wonderful village.

Q1 What type of events or activities would you like to see in the structure?

Citywide gatherings and celebrations.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

More natural and wood based.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Picnic tables, a stage, maybe a fireplace.

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Restrooms, a nature playground, displays of local history (windmills, farming tools, etc). Updated events pages in the glass displays (the current ones never seem to be used). Signage that points to the various trails with mileage and features.

Q5 Do you have any "funding ideas" for the structure? **Respondent skipped this question**

Q1 What type of events or activities would you like to see in the structure?

Farmers Market, night summer concerts, family reunions,
open forums for village resident with village board.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Respondent skipped this question

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Electrical a must, picnic tables a must, portable stage, good lighting perhaps sky lights to let in natural light, structure built with capability to slide canvas siding around to make it usable longer in fall and earlier in spring?

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lighting along the paths will make the park a lot more usable for dog walkers and walkers in general at night in spring and fall (winter too if village does a good job removing snow and ice). The new walk ways built in the park have made it significantly more walker friendly.

Q5 Do you have any "funding ideas" for the structure?

Find a donor who may be willing to match dollar for dollar from citizens. (Like Plastics Ingenuity) or State Bank?
Parks and Recreation increase in funding? I cannot remember the village ever asking my opinion on anything and have lived here 30 plus years. Thanks.

Q1 What type of events or activities would you like to see in the structure?

Bird Watching | Holiday Festivals

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Covered from rain. Sun shades would be really cool. Adequate seating so more than one group could use it at once. A permanent art installation. PLEASE DO NOT MAKE IT RESERVABLE. This will bump out people for weeks and weeks.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Definitely include some kind of charging station for phones and laptops, and good clean water for pets. Several charcoal grills. Community sink. Lighting with a timer on it would be ideal.

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Restrooms would definitely be a plus.

Q5 Do you have any "funding ideas" for the structure?

My first choice would be a permanent art installation with bronze donation plaques | Local & Fed Gov Grants | Corporate Sponsorship | Outdoor Festivals | Parades | Village "Passport" to restaurants and local businesses | Fundraising with Local Bands | Social Donation Pages (that are actually active) |

Q1 What type of events or activities would you like to see in the structure?

Festivals, Beer Tasting, Chili cookoff, rental for parties, music venue, etc...

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Respondent skipped this question

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

picnic tables, trash and recycle cans, electrical large roof, stage, speakers,

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lighting!! Restrooms (to avoid using local businesses for this), green space to play games or allow for picnic blankets or chairs

Q5 Do you have any "funding ideas" for the structure?

Sell bricks for an area around the shelter is a quick small effort. OR hold a fundraiser in the location with an outline in the physical space of what you're raising money for (pictures and twine outlines on the ground. Show the community exactly how the current fundraising event could be better with the added features. The fundraiser could sell raffle tickets, food, drink, etc...

Q1 What type of events or activities would you like to see in the structure?

Multipurpose structure to be used for cook outs/parties/workshops/music

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

I like the look look and potential use of outdoor curved roof facilities and would add variety to the current structures available in Cross Plains as the shelters at the pool and American Legion are both pretty similar in style and function.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

lighting, electrical, picnic tables, water fountain, stage, grilling area, restrooms

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Educational signage would be fantastic especially with the creek right there. Also, this location would be perfect for educational workshops about nature.

Q5 Do you have any "funding ideas" for the structure?

N/A

Q1 What type of events or activities would you like to see in the structure?

Assorted music, nature related, farmer's market, community hikes, kids crafts/activities, food wagons/carts, fishing activities

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Canopy like Sauk City has near the riverwalk

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Picnic tables, cement patio for stage, electricity for bands or food wagons, Porta potties

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Lighting for night walks, bathrooms,

Q5 Do you have any "funding ideas" for the structure?

Not at this time

Q1 What type of events or activities would you like to see in the structure?

We need road repairs before this is built

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Same as above

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Same as above

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Same as above

Q5 Do you have any "funding ideas" for the structure?

First figure out how to find road repairs then come back to this our roads should come first

Q1 What type of events or activities would you like to see in the structure?

none

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

I do not think that a structure in a flood prone area is a good idea

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Respondent skipped this question

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

More trees and gardens. Keep the park natural.

Q5 Do you have any "funding ideas" for the structure?

Respondent skipped this question

Q1 What type of events or activities would you like to see in the structure?

Music, private rentals, school use, yoga/fitness classes, outdoor educational events.

Q2 What would you like the structure to look like? (Examples) (Feel free to give your own vision as well)

Roof, poured concrete floor, a little protection from the elements possibly on one side, attractive appearance but blends in with surroundings as well.

Q3 What amenities would you like to see in the structure? (Picnic Tables, Stage, Electrical, etc)

Tables, stage maybe, lighting, outlets, drinking fountain.

Q4 Are there any other amenities you'd like to see in the park? (Lighting, Benches, Restrooms, Educational Signage, etc)

Benches, path/boardwalk lighting.
Consider potential future flooding when planning for any amenity/event/structure in the park.

Q5 Do you have any "funding ideas" for the structure?

Events to raise funds in the park, youth groups to help build parts of it, get businesses to donate a portion of sales, family/business sponsorships,
