# Agenda Memorandum

**Staff/Department:** Bill Chang, Zoning  
**Subject Matter:** Amendment GDP & SIP for 1821 Main Street  
**Meeting Date:** July 6, 2020  
**Referral History:** PC/VB – 5.25.2019; 06.01.2020

## Executive Summary:

David Montag is in the process of purchasing Hooty's Bar and Grill at 1821 Main Street. The GDP requires an amendment from the current owner to the next. Mr. Montag also intends to amend the current SIP in incorporate some of the changes and recommendations from previous meetings.

In addition to the amendments, Mr. Montag is asking for a temporary use of the south volleyball court for the Spike Rhett event to be held at the end of July. He then intends to remove the court entirely.

Amendments to the prior GDP/SIP:

- 1) Change in ownership
- 2) Removal of south volleyball court
- 3) Installation of turf instead of vegetation for the buffer yard.
- 4) Addition of acoustic event stage and seating
- 5) Addition of parking lot to allow approximately 16 stalls and 300 linear feet of decorative fencing on west side of parking lot.
- 6) Proposed outdoor hours of operations:
  - a. Volleyball - 11:00 am- Dusk (Not to exceed 9:30 PM) Sunday- Saturday
  - b. Acoustic Music- 12:00 pm- 9:00pm Friday- Sunday (No music Monday- Thursday)

## Project Background:

In March of 2019, the Village Plan Commission and Village Board approved a zoning map amendment to rezone this property from Main Street Mixed Use to Planned Development. The general development plan and specific implementation plan were approved (see minutes). Thereafter, the development of the property was constructed. A SIP document was never recorded, nor was a post inspection conducted to certify compliance to the plan. The non-compliant property has operated since.

There have been several complaints from the adjoining properties about lighting, netting, balls in yard, damage to fencing, and water/sand runoff. On May 14, staff sent a compliance letter to Mr. Kuester to bring the property into compliance. Mr. Kuester stated that he did not add the chain link fence due to safety concerns. He was also not able to remove the current street light in the middle of the property as proposed because of the cost and hardship with Madison Gas and Electric. Mr. Kuester add LED court lighting and adjusted the location of the courts instead.

The Plan Commission discussed this issue at its meeting on June 1<sup>st</sup> and expressed concern regarding the plan not being followed. In effort to mediate the issues with the adjoining neighbors, Mr. Kuester offered to take down the south volleyball court, grow a buffer yard between the volleyball courts and the west fence, and bring the property into compliance before re-installing the south volleyball court for use.

Since then, the property is set to change owners on June 30<sup>th</sup>. The establishment will close for remodeling and training and is set to reopen on July 16<sup>th</sup>.

## Code/Policy Review:

[Section 84.167 of the Village Municipal Code](#) provides the approval process for amending a GDP and SIP

This section of the zoning code allows for developments to have certain flexibilities. It also allows for staff, the Plan Commission, and the Village Board to add certain restrictions unique to the property.

## Fiscal Impact:

None to the Village

## Recommendation:

Review and approve an amendment of the GDP and SIP to the Village Board.

## Appendices:

Montag's proposal letter and site map.

1821 Main St  
Cross Plains, WI, 53528

Village of Cross Plains- Village Board  
2417 Brewery Road  
Cross Plains, WI, 53528

To whom it may concern:

As the owner of 1821 Main Street, Montag's Pub and Grill. I am submitting this specific implementation plan to change zoning from Main street mixed use to planned development for the purpose of allowing outdoor recreation and acoustic sound within my property boundaries.

Intended development project:

(1) Intended development

Location: 1821 Main Street, Cross Plains, WI, 53528

Zoning: Main Street Mixed use(current) to Planned development

Parking: 16 additional parking stalls

Site Amenities: one outdoor sand volleyball court, fencing and a deck

(2) The existing property includes 2 stories: 1<sup>st</sup> floor bar/restaurant and 2<sup>nd</sup> floor single family apartment. The surrounding neighborhood includes a mix of business, restaurants, retail, single family, and multifamily housing. The upgrades to the exterior of the building will compliment the current site and allow personal safety for both users and outside traffic.

(3) The site will be under the ownership of Montag's Pub and Grill, David Montag, who is a retired U.S. Army veteran will years of experience in project management. My wife and I want to be a huge part of the community, offering fundraisers and events for an array of organizations here in Cross Plains.

(4) The following is a description of the proposed outdoor use:

One 25'X 55' sand volleyball court

Outdoor deck for acoustic sound and music

Roughly 115' X 70' asphalt parking lot to add 16 parking stalls, open for public use

300 linear feet decorative fencing to line parking lot between parking lot and 1814 Park street

(5) The following briefly describes the proposed hours of operation

Volleyball

11:00 am- Dusk (Not to exceed 9:30 PM) Sunday- Saturday

Acoustic Music

12:00 pm- 9:00pm Friday- Sunday (No music Monday- Thursday)

(6) We are requesting a rezone to accommodate the requirement within the current zoning code.

(7) We are not requesting any modifications to the setbacks within the current requirements for fencing and or netting

(8) Currently, we are not proposing any lighting changes to the outdoor space.

In summary, we feel that the proposed zoning change and use would be a wonderful and welcoming addition to our community.

Sincerely  
David Montag  
Montag's Pub and Grill

## Executive Summary:

Official mapping is a tool that many municipalities utilize to plan and reserve certain properties for future infrastructure improvements. This allows for the municipality to utilize its extraterritorial powers to ensure smart and responsible growth. It also allows for townships, property owners, and developers to anticipate any objections that the municipality will have.

## Project Background:

In 2009, the Village of Cross Plains started the official mapping process. The process was not completed due to hardship concerning a Highway 14 bypass.

## Code/Policy Review:

Chapter 83 regulates the Village's Extraterritorial plat review.

## Fiscal Impact:

N/A

## Recommendation:

At this time, staff is asking for comment and discussion from the Plan Commission to identify projects for official mapping.

## Appendices:

Village Extraterritorial Powers Outline – Vandewalle

## POTENTIAL VILLAGE EXTRATERRITORIAL POWERS

### 1. Extraterritorial Jurisdiction:

- a. 1.5 miles from any village limit of the contiguous core
- b. Map 1 in Comprehensive Plan (shows 2018 municipal limits)
  - Need to update to current for Scenic Valley (more to annex soon)
- c. Extraterritorial Area (ETA) is generally squared-off to 40-acre quarter-quarter sections that fit wholly within the 1.5-mile ETJ limit.
- d. The ETA is the potential ETJ. The ETJ does not have to include the entire ETA.
- e. The ETJ is established through Ordinance for Zoning, Land Division Review, and Official Mapping. It is automatic for Planning.
- f. Should produce the ETA Map. Keep section numbers for reference.
- g. Will need to make a written description of the ETA listing each 40-acre component that describes the actual mapped ETJ.

### 2. Extraterritorial Zoning:

- a. Governed by Wis Stats
- b. ETZ is described as a process in Wis Stats. Summarized as:
  - Village action to establish ETZ
  - Notify town immediately and create the ETZ Zoning Freeze
  - Village and Town appoint ETZ Committee
  - Produce draft ETZ Ordinance and Map
  - Town Board and Village Board vote to approve
  - 1-Year process, which can be extended by 1 additional year by action of the Village
- c. ETZ freezes existing zoning unless ETZ expires (after 2 years) or new ETZ Map is approved by Town and Village.
- d. Under ETZ, joint Town/Village Plan Commission recommends Zoning Map Amendments to the Village Board.
  - In some ETZ Ordinances, the Town Plan Commission and Town Board play advisory roles.
  - In some ETZ Ordinances, the Town Board can veto a proposed Zoning Map Amendment.
  - Village is responsible for Zoning Administration and Building Administration within the ETZ. Village can adopt, impose, and collect administrative fees regarding ETZ and Building Permits.

### 3. ET Land Division Review:

- a. Limited to review, potential to require a minimum lot size, can require compliance with Official Map

### 4. ET Official Mapping: If Town has an Official Map, then this power is not applicable.

### 5. ET Comprehensive Planning:

- a. Town, Village, County, and RPC can each adopt Comp Plan recommendations within the ETJ. None of the Plans are required to match one-another. But all zoning and annexation actions by a jurisdiction must be consistent with the Comp Plan adopted by that jurisdiction.

**RE:** Judith E Hellenbrand Living Trust Certified Survey Map and Variance Request

## **Letter of Application:**

The Judith E Hellenbrand Living Trust are proposing to combine lots 1 and 2 that were created by certified survey map number 14831 located in part of the SW  $\frac{1}{4}$  of the NW  $\frac{1}{4}$  of Section 6, T7N, R8E, in the Town of Middleton, Dane County, Wisconsin. The total area of the parcels is 3.52 acres and the current use of these parcels are residential and no zoning change is being proposed.

## **Variance Request:**

On behalf of the landowners, we are hereby requesting a recommendation to the Town Board for approval for the following variances from Town Ordinances:

- 1.) A variance from Town Ordinance 15.22(4)(l) that states that the location of all Native Canopy Trees exceeding eight inches (DBH (Diameter at Breast Height) located in proposed street rights of-way, Building Envelopes, or in areas proposed to be used for stormwater management or other subdivision improvements be shown on the CSM. We are requesting a variance from having to provide a tree survey and to allow these trees to be omitted from the CSM. A tree survey was completed on the previous certified survey map that was recently recorded and would be a duplication of work and a unneeded expense to the owner.

Please contact me with any questions or concerns as you consider this request.

Sincerely,

*Noa Prieve*

# Agenda Memorandum

**Staff/Department:** Bill Chang, Planning  
**Subject Matter:** Scenic Valley Variance Request  
**Meeting Date:** July 6, 2020  
**Referral History:** N/A

---

## Executive Summary:

Horizon Investment Associates (Scenic Valley) is requesting a variance/waiver from Chapter 83 of the Village Municipal Code to allow construction past the September 15<sup>th</sup> deadline. They would like to construct until the end of the year.

## Project Background:

Scenic Valley requested for a similar variance to start construction April 1, 2020. To date, the construction for the subdivision has not started yet. Scenic Valley intends to start as soon as they are able to provide the Village with the proper security bond.

## Code/Policy Review:

Chapter 83 regulates the Village's Subdivision Development requirements.

## Fiscal Impact:

N/A

## Recommendation:

Staff does not recommend approval of this variance request. The circumstances of the delay were not due to Village's actions.

## Appendices:

Variance Request Letter

**SCENIC VALLEY  
DESIGN STANDARDS VARIANCE AND/OR WAIVER REQUEST LETTER**

**1) Construction/Disturbance Schedule Variance**

Section 83.104 of Village ordinances states “*All earth-disturbing activities for land divisions greater than one acre in size shall occur between May 1 and September 15 each year. Restoration of all earth disturbances shall be completed by September 15*”.

In order to complete the street and utility construction for the Scenic Valley Subdivision prior to home construction in the Spring of 2021, the applicant is requesting a variance to allow construction from September 15<sup>th</sup>, 2020 through December 15, 2020. The fall months also provide better weather conditions (less rain) for street and utility construction. All disturbed areas drain to the detention pond which will provide sufficient sediment control.
