FROM THE VILLAGE ADMINISTRATOR

Bill Chang

Hello Cross Plains! My family and I are excited to be here and to be members of this community. My wife, Wee, has started her job with UW Health, and we have three children; Maddison, Haylee and Cameron.

My first few weeks on the job are a fresh breath from moving activities. I have enjoyed meeting Village Officials, Staff and getting introduced to the current projects in the Village. My primary goal has been to get familiarized to Village operations and ensure that things go smoothly through this transition. I now look forward to meeting people in the community and establishing relationships. I believe that the Village is on a great path, and I intend to assist the Village Board in moving the community forward.

From the Village President

I hope everybody is enjoying the summer! A Village is only as strong as its employees and residents and I would like to thank a few of them. Police week and EMS week were in May and I would like to thank the officers and EMS staff and volunteers for the service they provide the Village every day. EMS is looking for more volunteers, so if you have some time to help out, please contact them.

There are a couple of employees that have reached important employment anniversary dates; Dan Buckland- 15 years of service and Lisa Davis- 25 years of service. Congratulations to Dan and Lisa and thank you for the years of service!

One of my goals was to have a strong committee system. To reach this goal you need residents willing to serve on the committees. I want to thank the following residents for their willingness to serve on the following committees:

Park and Recreation:

- Sarah Francois- Chair
- William Brosius
- Michael Cliff
- Melissa Hinz
- Jennifer Bonti

Public Safety:

- Lori Zander- Chair
- Terry Walker
- Kevin Engelen
- Doug Brunner
- Randy Swingen

The United States Census is coming to town! The 2020 census starts in August. In 2010 Cross Plains had a completion rate of 89% which was five points higher than the state average and fifteen points higher than the national average. Let's hit 100% this time around! These numbers are used for representation, redistricting, funding and mandated by the constitution. The count will start in April of 2020 and you will be able to fill out the survey online, over the phone, hard copy mailed in or in person.

Are you looking for a part-time job in the Village that pays \$14-\$20 per hour plus mileage? The Census Bureau is looking for residents to hire as soon as August of this year. If you are interested, visit 2020census.gov/jobs or call 1-800-562-2020.

BUILDING PERMIT 101

What needs a building permit?

- All new 1 and 2 family homes and decks
- Additions that increase the physical dimensions of a building
- All electrical wiring (new or remodeling)
- All HVAC (new or remodeling)
- All plumbing (new or remodeling)
- Replacement of major equipment (furnaces, water heaters, water softners and electrical services)
- Agricultural buildings
- Commercial buildings
- Accessory structures (such as a shed)
- Fences (do not need to be inspected, but needs a permit from the Village)
- Re-siding (does not need to be inspected, but needs a permit from the Village)
- Re-roofing (does not need to be inspected, but needs a permit from the Village)
- Replacement of windows (only needs to be inspected if the size is changing, but needs a permit from the Village)

What does not need a building permit?

- Finishing interior surfaces (painting, flooring)
- Repairs deemed minor by the Building Inspector (if uncertain, please call the Building Inspector)
- Normal repairs to HVAC and plumbing
- Repairs to electrical equipment or systems (switches, receptacles or fixtures)
- Replacing sinks, toilets, tubs or faucets
- Remodels with no alteration to the plumbing, electric or HVAC

How do I apply for a building permit?

Building permit applications can be found at the Village Office at 2417 Brewery Rd. or on our website:

www.cross-plains.wi.us

Please make sure to have the correct information required for your permit (building plans if needed, contractor license numbers if using a contractor, etc). For questions on what you might need, please call the **Village Office 608-798-3241** or call the **Building Inspector- Tracy Johnson 608-444-0372** or email him at **johnsoninspection@gmail.com**.

After all necessary items are received at the Village Office, the application is reviewed and a fee is assessed. The Village Office will call you (or the contractor) with the amount due. Once paid, permits can be picked up at the Office.

How are fees assessed?

Fees are assessed using the Village of Cross Plains Community Development Fee Schedule, which can be found on the Village website: **www.cross-plains.wi.us**

Why should I get a building permit?

Pulling a building permit allows for on-site inspection by a state-certified building inspector. It protects the public health, safety and general welfare of the community. By not pulling a building permit or getting an inspection, you are not insuring that your contractor is making changes to your home that are up to code and safe.

If you have more questions about building permits or the process, please call the Village Office and speak with Becky 608-798-3241 xt 101 or call the Village Building Inspector, Tracy Johnson 608-444-0372. When your project is ready to be inspected, please call Tracy, and remember that inspections are required prior to concealing work.

Parks and Rec Department

Greetings from the Cross Plains Parks & Recreation Department! I'd like to invite you to a special meeting on August 19, 2019 as we ask residents to provide input on new playground equipment or other park amenities, slated for Glacial Valley Park. We encourage you to bring your child(ren) to this session, as we'd love feedback from prospective users as well. The goal for this meeting is to generate a number of possible elements to include in our Request for Proposals (RFP) for area playground vendors.

Brainstorming Session - Glacial Valley Park Playground Monday, August 19, 2019, 6:30 PM at the Village Office (2417 Brewery Rd)

If you have questions, comments, or concerns, feel free to email me at maxon@cross-plains.wi.us or call at 798-3241 ext 107. If you aren't able to make the meeting but would like to give input, please send me an email.

Cross Plains Parks Memorial Program

The Village of Cross Plains is pleased to offer this memorial program to remember a loved one, or honor someone's special achievement. Recently, the Village received a memorial tree application from Cathy Barman and Family, for Michael (Mike) Barman. The tree they chose for his living memorial is an American Hornbeam and can be found in H.M. Zander Community Nature Park. We would like to take this time to thank the Barman Family for their donation and improving the beauty and quality of our park.

We'd also like to take this time to thank BECCO for their donation for trees to be added to H.M. Zander Community Nature Park. With their donation, we were able to install two Red Oak trees near benches within the park. We appreciate your support and generous gift to the residents of Cross Plains.

If you would like to be a part of our memorial tree or bench program, please contact the Parks and Recreation Department or check out our website at: www.cross-plains.wi.us for more information.

After School Club

The Cross Plains Recreation After School Club provides a supervised recreational outlet for children entering Kindergarten through 4th grade at Park School. Children will participate in a variety of engaging activities during their time with us, including crafts, games and sports. They will also have the option of a quiet space for homework or passive activities. Children will be bused from Park School to our space in the Northwest Dane Senior Services building where the club is held. As often as the weather permits, we will walk over to enjoy Glacial Valley Park.

Please inquire with Andrea Fullerton (afullerton@cross-plains.wi.us) or Katarena Ketelboeter (kketelboeter@cross-plains.wi.us) for availability for the 2019-20 school year!

2019 Summer Reading Program: A Universe of Stories - Through July 29th

There is still time to join us as we learn all about the universe, have some fun and celebrate the 50th anniversary of the Apollo moon landing! Keep track of how much you read each week for a weekly prize, and when you complete your reading log, you'll get to choose a book to keep. This year we're reading to support the *Madison Reading Project*, a local organization that brings books and literacy programming to underserved children in Southwestern Wisconsin.

And although we're getting toward the end of the summer program, that doesn't mean the end of our stellar program! On **July 18th**, you'll have a chance to meet some creatures that look a bit alien when the *Henry Vilas Zoo to You* program will be here. Also there's a special outdoor theater performance by *Traveling Lantern Theatre* on **July 25th**, with a final summer visit by the *Madison Reading Project Big Red Bus* at 5:30 PM, before the theatre performance.

So stop by the library and sign up, enjoy some games and crafts, and don't forget about our "Deep Space Dive" pool party on July 27th. This year you are invited to bring a friend!

The **Adult Summer Program** continues with chances to win weekly prizes and the grand prize, a **Celestron SkyOne 130 Telescope**, donated by the Friends of the Rosemary Garfoot Public Library. The Grand Prize Drawing is being held on **July 29th!** Stop by to enter!

Starry Summer Storytimes

Join our special guest presenters every week on **Thursday mornings at 10:00 AM** (ages 0-6) and **Tuesday mornings at 10:00 AM** for Wiggles and Giggles (babies and toddlers). At these sessions we learn fingerplays, songs and read simple books. There is always a social time at the end for parents and caregivers and playtime for the kids!

PLEASE NOTE: Storytime will be on break for two weeks from July 29 to August 9. Our Tuesday Wiggles and Giggles (babies and toddlers) program will resume on August 13th, and Big Kids Booktime re-starts Thursday August 15th, with a special visit from *Music Together* teacher Catherine Olson!

If you would like to be added to our email list, please send a note to cabaer@rgpl.org. For a full schedule, please visit our website at www.rgpl.org.

Zoo to You! Thursday, July 18th, 1:00 PM

Live zoo animals right in the library? You betcha! Whether you're young in years or young at heart, the Henry Vilas Zoo will be here to help you discover the wonder of the world around us!

Rosemary Garfoot Public Library

Madison Reading Project's Big Red Bus - July 25th, 5:30 PM
Traveling Lantern Theatre - Thursday July 25, 6:00 PM

The *Madison Reading Project's Big Red Bus* will make its final summer visit to the library and we will award them a big check made possible by your summer reading dollars! Then outdoor theater comes to Cross Plains when the talented **Traveling Lantern Theatre** troupe treats us with a performance of *My Mother the Astronaut*. So pack a picnic, grab your lawn chairs and settle down for a fun mid-summer's eve!

"Deep Space Dive" Pool Party, Saturday July 27th, 6:00 PM

Celebrate another great summer reading program by helping us make a splash at the municipal pool! We'll supply the Culver's Custard and games and you have a blast! Everyone who registered for the reading program is welcome, **and this year you can bring a friend!** Kids under the age of 9 must be accompanied by an adult or caregiver aged 12 or older.

Collage Workshop with New York Artist Michael Albert
Monday, July 29 from 3:30-5:30 PM

Pop artist/author, Michael Albert, is bringing his nationally known *Modern Pop Art Experience/Collage Workshop* to the library! The workshop is best for ages 8-18 and their parents. Meet the artist, hear a short presentation, do a hands-on upcycling collage project and receive a free signed poster compliments of the artist. Registration is required, so please call 608-798-3881.

Infant Massage Class with Nurturing Ways
Saturday Mornings, August 10-31, 10:30 AM - Noon

Join Infant Mental Health specialist and certified infant massage instructor, Yvonne Hiebert, as she teaches the techniques and benefits of infant massage. Massage helps babies relax, it can improve their sleep and it can even help with indigestion and general fussiness. Moms, Dads and other caregivers benefit from this gentle practice too, through increased confidence in parenting skills and improved bonds with baby. This four-session class will take place at the library and is for one parent/caregiver and one baby. Siblings will not be able to attend. *To register and for more information, please call the library at 608-798-3881 or email Catherine at cabaer@rgpl.org.*

Back Pain and Sciatica Workshop, Thursday, September 26, 6:30 PM

This free workshop covers topics related to low back pain and sciatica. After telling us what pain is and why we have it, a physical therapist from Pro Physical Therapy, Cross Plains, will get specific about back related pain and symptoms. They will discuss what may be causing your specific symptoms and what you can do about it. This will be an interactive discussion, so be prepared to move around. *Please call 798-3881 to sign up.*

Middleton–Cross Plains Area School District

inclusive. innovative. inspiring.

Assistant Superintendent Sherri Cyra, provided her monthly update on enrollment for the next school year at the Board of Education regular meeting on Monday, May 13. She noted numbers are still on track for the Middleton-Cross Plains Area School District to grow by a projected 162 students.

She said the District received the latest report from Mark Roffers. The report provides projections for every school and level for 2025-26 and 2030-31, along with current attendance areas and capacity at each school. He also provides numbers for each of the 70-plus neighborhoods in the District. She noted the 78-page report will be shared with the Internal Attendance Boundary Committee as well.

The District had 160 more students in April than it did a year ago, and that number jumped to 168 in May. She noted 4K projected enrollment is down by more than 75 students, but she said that is in part because MCPASD is doing a better job of cleaning up enrollment data earlier in the process. The District is still projecting 350 4K students in 2019-20.

Cyra said the elementary and high school levels should see increases next year, while the middle school level will see a decline, mainly due to a very large eighth-grade class moving to the high schools. She said the middle schools will gain again when the current second-grade class moves in Glacier Creek and Kromrey.

The Internal Attendance Boundary Committee held its sixth meeting on June 5th at the District Services Center and reviewed two more potential options for new elementary school boundaries.

In Option D, the Pope Farm attendance area includes all of Blackhawk and Elderberry neighborhoods, Roffers said. He noted Elm Lawn, Park and Sunset Ridge would have no attendance area changes.

By shifting the west side of Blackhawk from Sauk Trail to Pope Farm, another change would have to occur, otherwise Sauk Trail's enrollment would drop to 270. The shift would move Northlake neighborhood from Northside to Sauk Trail in part because the demographic makeup of Northlake is similar to the Blackhawk area that previously attended Sauk Trail.

Roffers noted Elm Lawn would be over capacity in 2020, while Elm Lawn and Park would be over capacity in 2025. Pope Farm would be slightly over capacity in 2030 along with Park, although Roffers reminded members there is the ability to expand capacity at the Cross Plains elementary school.

Roffers said Option E was developed based on comments by members about how the District could better balance socio-economic conditions. He said the option focused on the free and reduced numbers and results in non-contiguous attendance areas for most schools. There are also changes between Park and Sunset Ridge attendance areas. Some walking zoned neighborhoods would also be bused to other schools.

Under this option, Neighborhood 25 (west side of Blackhawk) stays at Sauk Trail. the option also takes two areas in the City of Middleton and assigns them to Pope Farm. There are also shifts between Sauk Trail and Northside to achieve more balance.

Every school is expected to be under capacity in 2020. Park and West Middleton are projected to be over capacity in 2025, while Park, Pope Farm and West Middleton are projected to be over capacity in 2030.

Looking for a way to volunteer in our community? There are so many options out there. It is a great way to meet your neighbors and better our amazing community!
