Section 4. Form, Execution, Registration and Payment of the Bonds. The Bonds shall be issued as registered obligations in substantially the form attached hereto as Exhibit A and incorporated herein by this reference.

The Bonds shall be executed in the name of the Municipality by the manual signatures of the President and Village Clerk, and shall be sealed with its official or corporate seal, if any.

The principal of, premium, if any, and interest on the Bonds shall be paid by the Municipal Treasurer, who is hereby appointed as the Municipality's Bond Registrar.

Both the principal of and interest on the Bonds shall be payable in lawful money of the United States of America by the Bond Registrar. Payment of principal of the final maturity on the Bond will be payable upon presentation and surrender of the Bond to the Bond Registrar. Payment of principal on the Bond (except the final maturity) and each installment of interest shall be made to the registered owner of each Bond who shall appear on the registration books of the Municipality, maintained by the Bond Registrar, on the Record Date and shall be paid by check or draft of the Municipality and mailed to such registered owner at his or its address as it

appears on such registration books or at such other address may be furnished in writing by such registered owner to the Bond Registrar.

Section 5. Security for the Bonds. The Bonds, together with interest thereon, shall not constitute an indebtedness of the Municipality nor a charge against its general credit or taxing power. The Bonds, together with interest thereon, shall be payable only out of the Debt Service Fund hereinafter created and established, and shall be a valid claim of the registered owner or owners thereof only against such Debt Service Fund and the revenues of the System pledged to such fund. Sufficient revenues are hereby pledged to said Debt Service Fund, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bonds and any Parity Bonds as the same becomes due.

Section 6. Funds and Accounts. In accordance with the Act, for the purpose of the application and proper allocation of the revenues of the System, and to secure the payment of the principal of and interest on the Bonds and Parity Bonds, certain funds of the System are hereby created and established which shall be used solely for the following respective purposes:

- (a) Revenue Fund, into which shall be deposited as received the Gross Earnings of the System, which money shall then be divided among the Operation and Maintenance Fund, the Debt Service Fund and the Surplus Fund in the amounts and in the manner set forth in Section 7 hereof and used for the purposes described below.
- (b) Operation and Maintenance Fund, which shall be used for the payment of Current Expenses.
- (c) Debt Service Fund, which shall be used for the payment of the principal of, premium, if any, and interest on the Bonds and Parity Bonds as the same becomes due.
- (d) Surplus Fund, which shall first be used whenever necessary to pay principal of, premium, if any, or interest on the Bonds and Parity Bonds when the Debt Service Fund shall be insufficient for such purpose, and thereafter shall be disbursed as follows: (i) at any time, to remedy any deficiency in any of the Funds provided in this Section 6 hereof; and (ii) money thereafter remaining in the Surplus Fund at the end of any Fiscal Year may be transferred to any of the funds or accounts created herein or to reimburse the general fund of the Municipality for advances made by the Municipality to the System.

Section 7. Application of Revenues. After the delivery of the Bonds, the Gross Earnings of the System shall be deposited as collected in the Revenue Fund and shall be transferred monthly to the funds listed below in the following order of priority and in the manner set forth below:

- (a) to the Operation and Maintenance Fund, in an amount equal to the estimated Current Expenses for such month and for the following month (after giving effect to available amounts in said Fund from prior deposits);

- (b) to the Debt Service Fund, an amount equal to one-sixth (1/6) of the next installment of interest coming due on the Bonds and any Parity Bonds then outstanding and an amount equal to one-twelfth (1/12) of the installment of principal of the Bonds and any Parity Bonds coming due during such Bond Year (after giving effect to available amounts in said Fund from accrued interest, any premium or any other source); and
- (c) to the Surplus Fund, any amount remaining in the Revenue Fund after the monthly transfers required above have been completed.

Transfers from the Revenue Fund to the Operation and Maintenance Fund, the Debt Service Fund and the Surplus Fund shall be made monthly not later than the tenth day of each month, and such transfer shall be applicable to monies on deposit in the Revenue Fund as of the last day of the month preceding. Any other transfers and deposits to any fund required or permitted by subsection (a) through (c) of this Section, except transfers or deposits which are required to be made immediately or annually, shall be made on or before the tenth day of the month. Any transfer or deposit required to be made at the end of any Fiscal Year shall be made within sixty (60) days after the close of such Fiscal Year. If the tenth day of any month shall fall on a day other than a business day, such transfer or deposit shall be made on the next succeeding business day.

It is the express intent and determination of the Governing Body that the amounts transferred from the Revenue Fund and deposited in the Debt Service Fund shall be sufficient in any event to pay the interest on the Bonds and any Parity Bonds as the same accrues and the principal thereof as the same matures.

Section 8. Deposits and Investments. The Debt Service Fund shall be kept apart from monies in the other funds and accounts of the Municipality and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Bonds and any Parity Bonds as the same becomes due and payable. All monies therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34, Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes. The other funds herein created (except the Water System SDWLP Project Fund) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Section 9. Service to the Municipality. The reasonable cost and value of services rendered to the Municipality by the System by furnishing water services for public purposes shall be charged against the Municipality and shall be paid in monthly installments as the service accrues, out of the current revenues of the Municipality collected or in the process of collection, exclusive of the revenues derived from the System; that is to say, out of the tax levy of the Municipality made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the Municipality in each year shall be equal to an amount which, together with other revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the Bonds, any Parity Bonds and any other obligations payable from the revenues of the System then

outstanding, times the greater of (i) 110% or (ii) the highest debt service coverage ratio required with respect to any obligations payable from revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Municipality to make any such appropriation over and above the reasonable cost and value of the services rendered to the Municipality and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; Municipality Covenants. It is covenanted and agreed by the Municipality with the owner or owners of the Bonds, and each of them, that the Municipality will perform all of the obligations of the Municipality as set forth in the Financial Assistance Agreement.

Section 11. Additional Bonds. No bonds or obligations payable out of the revenues of the System may be issued in such manner as to enjoy priority over the Bonds. Additional obligations may be issued if the lien and pledge is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

(a) Additional Parity Bonds may be issued for the purpose of completing the Project and for the purpose of financing costs of the Project which are ineligible for payment under the State of Wisconsin Safe Drinking Water Loan Program. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or

(b) Additional Parity Bonds may also be issued if all of the following conditions are met:

(1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional bonds must have been in an amount at least equal to the maximum annual interest and principal requirements on all bonds outstanding payable from the revenues of the System, and on the bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the Additional Parity Bonds to be issued or any other obligations payable from the revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the Municipality, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such additional bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may certify would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.

(2) The payments required to be made into the funds enumerated in Section 6 of this Resolution must have been made in full.

(3) The additional bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.

(4) The proceeds of the additional bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 12. Sale of Bonds. The sale of the Bonds to the State of Wisconsin Safe Drinking Water Loan Program for the purchase price of up to \$1,491,359 and at par, is ratified and confirmed; and the officers of the Municipality are authorized and directed to do any and all acts, including executing the Financial Assistance Agreement and the Bonds as hereinabove provided, necessary to conclude delivery of the Bonds to said purchaser, as soon after adoption of this Resolution as is convenient. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the Financial Assistance Agreement, and the officers of the Municipality are authorized to prepare and submit to the State requisitions and disbursement requests in anticipation of the execution of the Financial Assistance Agreement and the issuance of the Bonds.

Section 13. Application of Bond Proceeds. The proceeds of the sale of the Bonds shall be deposited by the Municipality into a special fund designated as "Water System SDWLP Project Fund." The Water System SDWLP Project Fund shall be used solely for the purpose of paying the costs of the Project as more fully described in the preamble hereof and in the Financial Assistance Agreement. Moneys in the Water System SDWLP Project Fund shall be disbursed within three (3) business days of their receipt from the State of Wisconsin and shall not be invested in any interest-bearing account.

Section 14. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the Municipality may, from time to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Municipality; provided, however, that no amendment shall permit any change in the pledge of revenues derived from the System or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 15. Defeasance. When all Bonds have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Municipality may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality

of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Municipality's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Municipality's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 16. Rebate Fund. Unless the Bonds are exempt from the rebate requirements of the Internal Revenue Code of 1986, as amended (the "Code"), the Municipality shall establish and maintain, so long as the Bonds and any Parity Bonds are outstanding, a separate account to be known as the "Rebate Fund." The sole purpose of the Rebate Fund is to provide for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the Municipality until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The Municipality hereby covenants and agrees that it shall pay to the United States from the Rebate Fund, at the times and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations specifying the required amounts of rebate installment payments and the time and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Bonds or any Parity Bonds and may only be used for the payment of any rebate liability with respect to the Bonds.

The Municipality may engage the services of accountants, attorneys or other consultants necessary to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The Municipality shall maintain or cause to be maintained records of determinations of rebate liability with respect to the Bonds for each computation date until six (6) years after the retirement of the last of the Bonds. The Municipality shall make such records available to the State of Wisconsin upon reasonable request therefor.

Section 17. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Municipality and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 14, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Municipality, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the Municipality, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 18. Continuing Disclosure. The officers of the Municipality are hereby authorized and directed, if requested by the State of Wisconsin, to provide to the State of Wisconsin Safe Drinking Water Loan Program and to such other persons or entities as directed by the State of Wisconsin such ongoing disclosure regarding the Municipality's financial condition and other matters, at such times and in such manner as the Safe Drinking Water Loan Program may require, in order that securities issued by the Municipality and the State of Wisconsin satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended and as it may be amended from time to time, imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

Section 19. Conflicting Resolutions. All ordinances, resolutions, or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage.

The Municipality acknowledges that ss. 281.59(11)(b) and 70.60, Wis. Stats., and the General Resolution, provide that if the Municipality fails to repay the Loan when due, the State shall recover amounts due the SDWLP by adding a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located. The Municipality acknowledges that ss. 281.59(11)(b) and 70.60, Wis. Stats., and the General Resolution, provide that if the Municipality fails to repay the Loan when due, the State shall recover amounts due the SDWLP by adding a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located.

Further, in the event that the Municipality would become eligible to receive State payments, s. 281.59(11)(b), Wis. Stats., and the General Resolution provide that if the Municipality fails to repay the Loan when due, the State shall recover amounts due the SDWLP by deducting those amounts from any State payments due the Municipality.

(y) The Municipality acknowledges that the State reserves the right upon default by the Municipality hereunder to have a receiver appointed to collect User Fees from the operation of

the Municipality's Water System or, in the case of a joint utility system, to bill the users of the Municipality's Water System directly.

(z) The representations of the Municipality in the Application are true and correct as of the date of this FAA and are incorporated herein by reference as if fully set forth in this place.

(aa) There has been no material adverse change in the financial condition or operation of the Municipality or the Project since the submission date of the Application.

(bb) The Municipality submitted a water rate application to the Public Service Commission. This water rate application is for Water Rates that shall generate sufficient revenues, together with other funds available to the Municipality, to pay all costs of operating and maintaining the facilities of the Municipality's entire Water System, in accordance with this FAA. - (f) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the SDWLP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Loan Amortization Principal and interest payments on the Loan (and on the Municipal Obligations evidencing the Loan) shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Loan is disbursed to the Municipality on September 23, 2015. It is understood that the actual amount of the Municipality's Loan payments shall be based on the actual date and amount of Loan disbursements for the Project. Notwithstanding the foregoing or anything in the Municipal Obligations, the Loan shall be for no longer than twenty (20) years from the date of this FAA, and shall mature and be fully amortized not later than twenty (20) years after the original issue date of the Municipal Obligations. Repayment of principal on the Loan shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.03. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Municipality's Water System, and the Municipality shall agree that if revenues from the Water System are insufficient to meet annual debt service requirements, the Municipality shall purchase water services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any parity obligations, and any other debt obligations payable from the revenues of the Water System then outstanding, times the greater of (i) 110 percent or (ii) the highest

debt service coverage ratio required with respect to any parity obligations or any other debt obligations payable from the revenues of the Water System then outstanding. As of the date of this FAA, the required debt service coverage ratio is 110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Loan is also secured as provided in Section 3.07 hereof.

Section 3.04. Sale and Redemption of Municipal Obligations

- (a) Municipal Obligations may not be prepaid without the prior written consent of the SDWLP. The SDWLP has sole discretion to withhold such consent.
- (b) The Municipality shall pay all costs and expenses of the SDWLP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the SDWLP and any investment losses incurred or sustained by the SDWLP resulting directly or indirectly from any such prepayment.
- (c) Subject to subsection (a), the Municipality may prepay the Loan with any settlements received from any third party relating to the design or construction of the Project.
- (d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.05. Disbursement of Loan Proceeds

- (a) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement is requested have been incurred by the Municipality.
- (b) The SDWLP, through its agents or Trustee, plans to make disbursements of Loan proceeds on a semimonthly basis, upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.
- (c) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.
 - (1) If the Loan proceeds are not yet fully disbursed, and SDWLP funds were previously disbursed for non-SDWLP funded Project Costs, the SDWLP shall make necessary adjustments to future disbursements.
 - (2) If the Loan proceeds are fully disbursed, including disbursements for non-SDWLP funded Project Costs, the Municipality agrees to repay to the SDWLP an amount equal to the non-SDWLP funded Project Costs within 60 days of notification by DNR or DOA. The SDWLP shall then apply the amount it receives as a Loan prepayment.
- (d) The SDWLP or its agent shall disburse Loan proceeds only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.
- (e) Disbursement beyond ninety-five percent (95%) of the principal amount of the Loan, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

- (1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, and DNR has approved all change orders relating to the Project;
- (2) The Municipality certifies to DNR its acceptance of the Project from its contractors; and
- (3) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA; and
- (4) the Municipality certifies in writing to DNR its compliance with the Davis-Bacon wage rate requirements. Certification must be as prescribed on Exhibit G.

(f) The following IRS Regulation applies to project expenditures. IRS Regulation 1.148-6(d)(1)(iii), which states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

Section 3.06. Remedies

(a) If the Municipality:

- (1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or
- (2) is not complying with or is in violation of any provision set forth in this FAA; or
- (3) is not in compliance with the Act or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

- (i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.
- (ii) Project work may be suspended.
- (iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.
- (iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the SDWLP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

- (1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the SDWLP under this FAA. DOA may collect all amounts due the SDWLP by deducting those amounts from any State payments due the Municipality, or add a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.

(2) The SDWLP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the SDWLP's benefit of the Project and the Municipality's Water System and of the earnings, income, rents, issues, and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.

(3) In the case of a joint utility system, the SDWLP may bill the users of the Municipality's system directly.

(4) The SDWLP may declare the principal amount of the Municipal Obligations immediately due and payable.

(5) The SDWLP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.

(6) The SDWLP may increase the interest rate set forth in Section 3.01 hereof to the market interest rate as defined in the Act and Regulations.

Section 3.07. Security for the Loan In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Loan hereunder, the Municipality hereby pledges the revenue to be derived from the Municipality's Water Rates (which is a dedicated source of revenue); and

(b) the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's Water Rates or other revenues pledged under Section 3.07(a), above, to any person other than the SDWLP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

Section 3.08. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

ARTICLE IV
CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Water System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of the Loan. The Municipality agrees to provide written evidence of insurance coverage to the SDWLP upon request at any time during the term of the Loan.

In the event that the Water System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Loan or to repair or replace the Water System.

Section 4.02. Construction of the Project The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, scope, or functional layout, as may be previously approved by DNR.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state, and local laws, ordinances, and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed, the acquisition and construction of the Project, and do all other acts necessary and possible to entitle it to receive User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.

(c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:

(1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;

(2) complete and deliver to DNR the completed Contract Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA; and

(3) obtain all required permits and authorizations from appropriate authorities, if required, for operation and use of the Project.

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Loan amount, the SDWLP may allocate additional financial assistance to a Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Act and Regulations. The allocation of additional financial assistance shall depend upon availability of funds and present value subsidy, pursuant to the Act and the Regulations.

(b) In the event that Loan proceeds are not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Loan proceeds, and shall not be entitled to any reimbursement therefor from the SDWLP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the SDWLP pursuant to an amended FAA or through a separate FAA.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the SDWLP, DOA, DNR nor the Trustee makes any warranty, either express or implied, as to the Project or its condition or that it shall be suitable for the Municipality's purposes or needs, or that the proceeds of the Loan shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, Plans and Specifications, or other documents, or the inspection of Project construction by DNR does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications, or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, or indemnity or other contractual requirements from any party performing Project work.

ARTICLE V
COVENANTS

Section 5.01. Application of Loan Proceeds The Municipality shall apply the proceeds of the Loan solely for Project Costs.

Section 5.02. Operation and Maintenance After completion of the Project, the Municipality shall:

- (a) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;
- (b) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept, in good repair, working order, and condition; and
- (c) periodically make, or cause to be made, all necessary and proper repairs, replacements and renewals so that at all times the operation of the Project may be properly conducted and in a manner that is consistent with the Project performance standards contained in the Application and the requirements of the Water Diversion Permit (if any). The Municipality shall not, without the approval of DNR, discontinue operation of or sell or otherwise dispose of the Water System, except for portions of the Water System sold or otherwise disposed of in the course of ordinary repair and replacement of parts so long as the Loan is outstanding.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Water System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, approvals, and this FAA, including without limitation, the Act, the Regulations and the Water Diversion Permit (if any).

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and Water System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

- (a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets, and directions issued by the SDWLP. Without any request, the Municipality shall furnish to DOA, as soon as available and in any event within one hundred twenty (120) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by such independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.
- (b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all SDWLP funds for the Project. All Loan proceeds shall be credited promptly upon receipt thereof and shall be reimbursement for or expended only for Project Costs. The Municipality shall permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Loan, and shall produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them or their authorized representatives, and shall permit extracts and copies of the Project records to be made by them or their authorized representatives, and shall fulfill information requests by them or their authorized representatives.

Section 5.06. Records The Municipality shall retain all files, books, documents and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for

longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Water System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. Engineering Inspection The Municipality shall provide competent and adequate inspection of all Project construction, under the direction of a professional engineer licensed in the State. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied, unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use or permit the use of any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds or take any action or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the SDWLP are advanced to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates within three business days and that all amounts actually received by such Municipality from the SDWLP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(5) of the Code or any successor provision.

Section 5.10. User Fee Covenant

(a) The Municipality hereby certifies that it has adopted and shall charge User Fees with respect to the Project in accordance with applicable laws and the Act and in amounts such that revenues of the Municipality with respect to the Project shall be sufficient, together with other funds available to the Municipality for such purposes, to pay all costs of operating and maintaining the Project in accordance with this FAA and to pay all amounts due under this FAA and the Municipal Obligations.

(b) The Municipality covenants that it shall adopt and shall adequately maintain for the design life of the Project a system of User Fees with respect to the Project. The Municipality covenants that it shall, from time to time, revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of any material damage to or destruction of the Project or any part thereof, or actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain, or otherwise, all or a part of the Water System, any action, suit or proceeding at law or in equity or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project or operate the Water System or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless and defend DNR and DOA, and all their officers, employees, and agents, against any and all liability, claims, and costs of whatever kind and nature, for injury to or death of any person or persons and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project, acts, or omissions of the Municipality's employees, agents, or representatives.

Section 5.13. Nondiscrimination Covenant

(a) In connection with the Project, the Municipality agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but is not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provision of the nondiscrimination clause.

(b) The Municipality shall incorporate into all Project contracts which have yet to be executed the following provision: "In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant because of age, race, religion, color, handicap, sex, physical condition, developmental disability, or national origin. The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to take affirmative action to ensure equal employment opportunities for persons with disabilities. The contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provisions of the nondiscrimination clause."

Section 5.14. Employees The Municipality or its employees or agents are not employees or agents of the DNR or DOA for any purpose including worker's compensation.

Section 5.15. Adequate Funds The Municipality shall have sufficient funds available to repay the Loan. The Municipality shall have sufficient funds available when construction of the Project is completed to ensure effective operation and maintenance of the Project for purposes constructed.

Section 5.16. Management The Municipality shall provide and maintain competent and adequate management, supervision, and inspection at the construction site to ensure that the completed work conforms with the Plans and Specifications. The Municipality shall furnish progress reports and such other information as DNR may require.

Section 5.17. Reimbursement Any payment made under the Loan to the Municipality in excess of the amount determined by final audit to be due the Municipality shall be reimbursed to DOA within 60 days after DNR or DOA provides a notice of overpayment.

Section 5.18. Unpaid User Fees The Municipality shall, to the fullest extent permitted by law, take all actions necessary to certify any unpaid User Fees to the county treasurer in order that such unpaid User Fees shall be added as a special charge to the property tax bill of the user.

Section 5.19. Rebates The Municipality agrees to pay to the SDWLP any refunds, rebates, credits, or other amounts received for Project Costs that have already been funded by the SDWLP. The SDWLP shall then apply the amount it receives as a Loan prepayment.

Section 5.20. Maintenance of Legal Existence

(a) Except as provided in par. (b), the Municipality shall maintain its legal existence and shall not dissolve or otherwise dispose of all or substantially all of its assets and shall not consolidate with or merge into another legal entity.

(b) A Municipality may consolidate with or merge into any other legal entity, dissolve or otherwise dispose of all of its assets or substantially all of its assets, transfer all or substantially all its assets to another legal entity (and thereafter be released of all further obligation under this FAA and the Municipal Obligations) if:

- (1) the resulting, surviving, or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;
- (2) such resulting, surviving, or transferee legal entity is eligible to receive financial assistance under the Act;
- (3) such resulting, surviving, or transferee legal entity expressly assumes in writing all of the obligations of the Municipality contained in this FAA and the Municipal Obligations and any other documents the SDWLP deems reasonably necessary to protect its environmental and credit interests; and
- (4) the SDWLP shall have consented in writing to such transaction, which consent may be withheld in the absolute discretion of the SDWLP.

Section 5.21. Federal Single Audit To the extent applicable, the Municipality shall comply with the audit requirements of OMB Circular A-133. The Municipality covenants that if it receives \$500,000 or more of financial assistance in a given calendar year, which originated from any federal funds, the Municipality shall commission an audit made in accordance with OMB Circular A-133, or in accordance with the federal laws and regulations governing the SDWLP. The Federal Catalogue of Domestic Assistance number is 66.468 for water project disbursements funded with federal money.

Section 5.22. Federal Equivalency Project The Municipality covenants that the Project shall comply with the Federal requirements applicable to activities supported with federal funds, a list of which is included as Exhibit G to this FAA.

Section 5.23. Wage Rate Requirements The Municipality represents that it shall comply with Section 1450(e) of the Safe Drinking Water Act (41 USC 300j-9(e)), which requires that all laborers and mechanics employed by contractors and subcontractors funded directly by or assisted in whole or in part with funding under this Loan shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor (DOL) in accordance with subchapter IV of chapter 31 of title 40, United States Code.

PROJECT MANAGER SUMMARY PAGE

VILLAGE OF CROSS PLAINS
SDWLP Project No. 5537-01

1. **Project Description:** This project addresses the poor condition of the water mains, sewer mains, and road way on Main Street in the Village of Cross Plains. The Department of Transportation is funding the majority of the road work. The Safe Drinking Water and Clean Water (project #4417-07) programs are funding the water main and sewer portions of the project. Additional contingency is a necessity due to the potential presence of contaminated soil in the remaining road way to be replaced.
2. **Ineligible Costs:** Costs related to the majority of the road work and the sewer main work are not considered eligible for Safe Drinking Water funding. The DOT portion totals \$7,702,169.75. The Clean Water portion totals 2,084,202.
3. **Other Funding Sources:** DOT, CWF, and the Village are contributing to the SDWLP ineligible portion of this project.
4. **Miscellaneous Costs:** As shown in the Project Budget Sheet Summary (Exhibit A), SDWLP funding in the amount of \$21,290 is included in the Miscellaneous category for:
 - ◆ Administrative Expenses - \$2,500
 - ◆ Soil Compact* - \$10,000
 - ◆ Wisconsin DOT 1% E/CM * - \$8,790

Each construction-related item, denoted by an asterisk (*), will require review and approval by the regional Construction Management Engineer (CME) **prior** to reimbursement from the SDWLP. The municipality must provide the CME with a copy of the vendor's invoice, procurement method used and applicable state documentation. When the CME has determined eligibility and given approval, the municipality may request reimbursement from the SDWLP.

5. **Contingency Allowance:** The contingency total is \$73,228.18. The Contingency allowance of \$17,570.81 is five percent of the amount of uncompleted construction work. An additional \$55,658.37 has been approved by the CME to address possible soil contamination issues. Change orders must be approved by the CME prior to requesting reimbursement.
6. **DBE Good Faith Effort:** A Good Faith Effort was made. DBEs were utilized.
7. **Green Project Reserve:** None
8. **Use of American Iron and Steel:** Not required due to a plan and spec approval date prior to December 16, 2014.
9. **Non-core costs:** None
10. **Federal Single Audit:** This project has been funded with federal funds and is subject to the Federal Single Audit requirements referenced in Section 5.21 of the FAA. If the municipality receives more than \$500,000 of money that originates from any federal source in a calendar year, then it must commission a Federal Single Audit as a part of its regular financial audit. The Federal Catalogue of Domestic Assistance number is 66.468 for water project disbursements funded with federal money.

- (c) to the Surplus Fund, any amount remaining in the Revenue Fund after the monthly transfers required above have been completed.

Transfers from the Revenue Fund to the Operation and Maintenance Fund, the Debt Service Fund and the Surplus Fund shall be made monthly not later than the tenth day of each month, and such transfer shall be applicable to monies on deposit in the Revenue Fund as of the last day of the month preceding. Any other transfers and deposits to any fund required or permitted by subsection (a) through (c) of this Section, except transfers or deposits which are required to be made immediately or annually, shall be made on or before the tenth day of the month. Any transfer or deposit required to be made at the end of any Fiscal Year shall be made within sixty (60) days after the close of such Fiscal Year. If the tenth day of any month shall fall on a day other than a business day, such transfer or deposit shall be made on the next succeeding business day.

It is the express intent and determination of the Governing Body that the amounts transferred from the Revenue Fund and deposited in the Debt Service Fund shall be sufficient in any event to pay the interest on the 2005 Bonds, the Bonds and any Parity Bonds as the same accrues and the principal thereof as the same matures.

Section 8. Deposits and Investments. The Debt Service Fund shall be kept apart from monies in the other funds and accounts of the Municipality and the same shall be used for no

purpose other than the prompt payment of principal of and interest on the 2005 Bonds, the Bonds and any Parity Bonds as the same becomes due and payable. All monies therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34, Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes. The other funds herein created (except the Sewerage System CWFPP Project Fund) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Section 9. Service to the Municipality. The reasonable cost and value of services rendered to the Municipality by the System by furnishing sewerage services for public purposes shall be charged against the Municipality and shall be paid in monthly installments as the service accrues, out of the current revenues of the Municipality collected or in the process of collection, exclusive of the revenues derived from the System; that is to say, out of the tax levy of the Municipality made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the Municipality in each year shall be equal to an amount which, together with other revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the 2005 Bonds, the Bonds, any Parity Bonds and any other obligations payable from the revenues of the System then outstanding, times the greater of (i) 110% or (ii) the highest debt service coverage ratio required with respect to any obligations payable from revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Municipality to make any such appropriation over and above the reasonable cost and value of the services rendered to the Municipality and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; Municipality Covenants. It is covenanted and agreed by the Municipality with the owner or owners of the Bonds, and each of them, that the Municipality will perform all of the obligations of the Municipality as set forth in the Financial Assistance Agreement.

Section 11. Additional Bonds. The Bonds are issued on a parity with the 2005 Bonds as to the pledge of revenues of the System. No bonds or obligations payable out of the revenues of the System may be issued in such manner as to enjoy priority over the Bonds. Additional obligations may be issued if the lien and pledge is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

- (a) Additional Parity Bonds may be issued for the purpose of completing the Project and for the purpose of financing costs of the Project which are ineligible for payment under the State of Wisconsin Clean Water Fund Program. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or

(b) Additional Parity Bonds may also be issued if all of the following conditions are met:

(1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional bonds must have been in an amount at least equal to the maximum annual interest and principal requirements on all bonds outstanding payable from the revenues of the System, and on the bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the Additional Parity Bonds to be issued or any other obligations payable from the revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the Municipality, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such additional bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may certify would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.

(2) The payments required to be made into the funds enumerated in Section 6 of this Resolution must have been made in full.

(3) The additional bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.

(4) The proceeds of the additional bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 12. Sale of Bonds. The sale of the Bonds to the State of Wisconsin Clean Water Fund Program for the purchase price of up to \$1,651,582 and at par, is ratified and confirmed; and the officers of the Municipality are authorized and directed to do any and all acts, including executing the Financial Assistance Agreement and the Bonds as hereinabove provided, necessary to conclude delivery of the Bonds to said purchaser, as soon after adoption of this Resolution as is convenient. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the Financial Assistance Agreement, and the officers of the Municipality are authorized to prepare and submit to the State requisitions and disbursement requests in anticipation of the execution of the Financial Assistance Agreement and the issuance of the Bonds.

Section 13. Application of Bond Proceeds. The proceeds of the sale of the Bonds shall be deposited by the Municipality into a special fund designated as "Sewerage System CWFP Project Fund." The Sewerage System CWFP Project Fund shall be used solely for the purpose of paying the costs of the Project as more fully described in the preamble hereof and in the Financial Assistance Agreement. Moneys in the Sewerage System CWFP Project Fund shall be

disbursed within three (3) business days of their receipt from the State of Wisconsin and shall not be invested in any interest-bearing account.

Section 14. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the Municipality may, from time to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Municipality; provided, however, that no amendment shall permit any change in the pledge of revenues derived from the System or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 15. Defeasance. When all Bonds have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Municipality may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Municipality's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Municipality's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 16. Rebate Fund. Unless the Bonds are exempt from the rebate requirements of the Internal Revenue Code of 1986, as amended (the "Code"), the Municipality shall establish and maintain, so long as the Bonds and any Parity Bonds are outstanding, a separate account to be known as the "Rebate Fund." The sole purpose of the Rebate Fund is to provide for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the Municipality until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The Municipality hereby covenants and agrees that it shall pay to the United States from the Rebate Fund, at the times and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations

specifying the required amounts of rebate installment payments and the time and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Bonds or any Parity Bonds and may only be used for the payment of any rebate liability with respect to the Bonds.

The Municipality may engage the services of accountants, attorneys or other consultants necessary to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The Municipality shall maintain or cause to be maintained records of determinations of rebate liability with respect to the Bonds for each computation date until six (6) years after the retirement of the last of the Bonds. The Municipality shall make such records available to the State of Wisconsin upon reasonable request therefor.

Section 17. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Municipality and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 14, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Municipality, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the Municipality, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 18. Continuing Disclosure. The officers of the Municipality are hereby authorized and directed, if requested by the State of Wisconsin, to provide to the State of Wisconsin Clean Water Fund Program and to such other persons or entities as directed by the State of Wisconsin such ongoing disclosure regarding the Municipality's financial condition and other matters, at such times and in such manner as the Clean Water Fund Program may require, in order that securities issued by the Municipality and the State of Wisconsin satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended and as it may be amended from time to time, imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

Section 19. Conflicting Resolutions. All ordinances, resolutions (other than the 2005 Resolution), or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage. In case of any conflict between this Resolution and the 2005 Resolution, the 2005 Resolution shall control as long as any 2005 Bonds are outstanding.

REGISTERED OWNER: STATE OF WISCONSIN CLEAN WATER FUND LOAN PROGRAM

FOR VALUE RECEIVED the Village of Cross Plains, Dane County, Wisconsin (the "Municipality") hereby acknowledges itself to owe and promises to pay to the registered owner shown above, or registered assigns, solely from the fund hereinafter specified, the principal sum of an amount not to exceed _____ DOLLARS (\$ _____) (but only so much as shall have been drawn hereunder, as provided below) on May 1 of each year commencing May 1, 2016 until the final maturity date written above, together with interest thereon (but only on amounts as shall have been drawn hereunder, as provided below) from the dates the amounts are drawn hereunder or the most recent payment date to which interest has been paid, at the rate of 2.438% per annum, calculated on the basis of a 360-day year made up of twelve 30-day months, such interest being payable on the first days of May and November of each year, with the first interest being payable on May 1, 2016.

The principal amount evidenced by this Bond may be drawn upon by the Municipality in accordance with the Financial Assistance Agreement entered by and between the Municipality and the State of Wisconsin by the Department of Natural Resources and the Department of Administration including capitalized interest transferred (if any). The principal amounts so drawn shall be repaid in installments on May 1 of each year commencing on May 1, 2016 in an amount equal to an amount which when amortized over the remaining term of this Bond plus current payments of interest (but only on amounts drawn hereunder) at Two and 438/1000ths percent (2.438%) per annum shall result in equal annual payments of the total of principal and the semiannual payments of interest. The State of Wisconsin Department of Administration shall record such draws and corresponding principal repayment schedule on a cumulative basis in the format shown on the attached Schedule A.

Both principal and interest hereon are hereby made payable to the registered owner in lawful money of the United States of America. On the final maturity date, principal of this Bond shall be payable only upon presentation and surrender of this Bond at the office of the Municipal Treasurer. Principal hereof (except the final maturity) and interest hereon shall be payable by electronic transfer or by check or draft dated on or before the applicable payment date and mailed from the office of the Municipal Treasurer to the person in whose name this Bond is registered at the close of business on the fifteenth day of the calendar month next preceding such interest payment date.

The Bonds shall not be redeemable prior to their maturity, except with the consent of the registered owner.

This Bond is transferable only upon the books of the Municipality kept for that purpose at the office of the Municipal Treasurer, by the registered owner in person or its duly authorized attorney, upon surrender of this Bond, together with a written instrument of transfer (which may be endorsed hereon) satisfactory to the Municipal Treasurer, duly executed by the registered owner or its duly authorized attorney. Thereupon a replacement Bond shall be issued to the transferee in exchange therefor. The Municipality may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of or on account of the principal or interest hereof and for all other purposes. This Bond is issuable solely as a negotiable, fully-registered bond, without coupons, and in denominations of \$0.01 or any integral multiple thereof.

This Bond is issued for the purpose of providing for the payment of the cost of constructing improvements to the Sewerage System of the Municipality, pursuant to Article XI, Section 3, of the Wisconsin Constitution, Section 66.0621, Wisconsin Statutes, and a resolution adopted September 8, 2015, and entitled: "Resolution Authorizing the Issuance and Sale of Up to \$1,651,582 Sewerage System Revenue Bonds, Series 2015C, and Providing for Other Details and Covenants With Respect Thereto" and is payable only from the income and revenues derived from the operation of the Sewerage System of the Municipality (the "Utility"). The Bonds are issued on a parity with the Municipality's Sewerage System Revenue Bonds, Series 2005, dated June 22, 2005, as to the pledge of income and revenues of the Utility. This Bond does not constitute an indebtedness of said Municipality within the meaning of any constitutional or statutory debt limitation or provision.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen, and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law; and that sufficient of the income and revenue to be received by said Municipality from the operation of its Utility has been pledged to and will be set aside into a special fund for the payment of the principal of and interest on this Bond.

The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Loan is disbursed to the Municipality on September 23, 2015. It is understood that the actual amount of the Municipality's Loan payments shall be based on the actual date and amount of Loan disbursements for the Project. Notwithstanding the foregoing or anything in the Municipal Obligations, the Loan shall be for no longer than twenty (20) years from the date of this FAA, and shall mature and be fully amortized not later than twenty (20) years after the original issue date of the Municipal Obligations. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations and any other debt obligations payable from the revenues of the Sewerage System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations or any other debt obligations payable from the revenues of the Sewerage System then outstanding. As of the date of this FAA, the required debt service coverage ratio is

110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Loan is also secured as provided in Section 3.08 hereof.

- (b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.04 shall be deposited in the Expense Fund established pursuant to the General Resolution.

Such costs and expenses may include any prepayment premium applicable to the CWFP and any investment losses incurred or sustained by the CWFP resulting directly or indirectly from any such prepayment.
- (c) Subject to subsection (a), the Municipality may prepay the Loan with any settlements received from any third party relating to the design or construction of the Project.

- (b) The CWFP, through its agents or Trustee, plans to make disbursements of Loan proceeds on a semimonthly basis, upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.
- (c) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.
 - (1) If the Loan proceeds are not yet fully disbursed, and CWFP funds were previously disbursed for non-CWFP funded Project Costs, the CWFP shall make necessary adjustments to future disbursements.

(2) If the Loan proceeds are fully disbursed, including disbursements for non-CWFP funded Project Costs, the Municipality agrees to repay to the CWFP an amount equal to the non-CWFP funded Project Costs within 60 days of notification by DNR or DOA. The CWFP shall then apply the amount it receives as a Loan prepayment.

(d) The CWFP or its agent shall disburse Loan proceeds only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.

(e) Disbursement beyond ninety-five percent (95%) of the principal amount of the Loan, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

MARKET RATE BORROWING

(g) The Municipality has elected to pay a portion of eligible Project Costs from sources other than the CWFP instead of including this portion at the market rate. On the first loan disbursement request, the Municipality shall request a minimum of \$50,000 from the CWFP in order to meet the minimum IRS bond closing amount. If the first loan disbursement includes costs in excess of \$50,000, then the Municipality is responsible for paying Project Costs until the Municipality's \$40,688.30 commitment has been met. The Municipality shall submit invoices to DNR for all Project Costs it pays with its internal funds in order to document that it has contributed the full \$40,688.30 amount to the Project.

Section 3.07. Remedies

(2) is not complying with or is in violation of any provision set forth in this FAA; or

(3) is not in compliance with the Act or the Regulations;

DOA may collect all amounts due the CWFP by deducting those amounts from any State payments due the Municipality, or add a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.

(2) Pursuant to s. NR 162.18(1), Wis. Adm. Code, DNR may: declare the unpaid Loan balance due and immediately payable; increase the interest rate on the unpaid balance of the Loan to the market interest rate in effect on the date the FAA was executed; or immediately terminate the FAA and disburse no additional funds, if the Loan has not been fully disbursed.

The Municipality hereby irrevocably consents to such appointment.

(4) In the case of a joint utility system, the CWFP may bill the users of the Municipality's system directly.

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns, and amendments exceeding the Loan amount, the CWFP may allocate additional financial assistance to a Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Act and Regulations. The allocation of additional financial assistance shall depend upon availability of funds and present value subsidy, pursuant to the Act and the Regulations.

(b) In the event that Loan proceeds are not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Loan proceeds, and shall not be entitled to any reimbursement therefor from the CWFP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the CWFP pursuant to an amendment of this FAA or through a separate FAA.

Section 4.06. No Warranty Regarding Condition, Suitability, or Cost of Project Neither the CWFP, DOA, DNR nor the Trustee makes any warranty, either express or implied, as to the Project or its condition or that it shall be suitable for the Municipality's purposes or needs, or that the proceeds of the Loan shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, Plans and Specifications, or other documents, or the inspection of Project construction by DNR does not relieve the Municipality of its responsibility to properly plan, design, build, and effectively operate and maintain the Project as required by laws, regulations, permits and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, or indemnity or other contractual requirements from any party performing Project work.

ARTICLE V
COVENANTS

Section 5.01. Application of Loan Proceeds The Municipality shall apply the proceeds of the Loan solely for Project Costs.

Section 5.02. Operation and Maintenance: Equipment Replacement Fund

(a) After completion of the Project, the Municipality shall:

(1) at all times operate the Project or otherwise cause the Project to be operated properly and in a sound and economical manner, including proper training of personnel;

(2) maintain, preserve, and keep the Project or cause the Project to be maintained, preserved, and kept, in good repair, working order, and condition; and

(3) periodically make, or cause to be made, all necessary and proper repairs, replacements and renewals so that at all times the operation of the Project may be properly conducted in a manner that is consistent with the requirements of the WPDES Permit. The Municipality shall not, without the approval of DNR, discontinue operation of or sell or otherwise dispose of the Sewerage System, except for portions of the Sewerage System sold or otherwise disposed of in the course of ordinary repair and replacement of parts so long as the Loan is outstanding.

(b) The Municipality shall establish an equipment replacement fund according to s. NR 162.08, Wis. Adm. Code, and maintain the equipment replacement fund as a separate fund of the Municipality. All User Fees or other revenues specifically collected for the equipment replacement fund shall be deposited into the equipment replacement fund and used for replacement and major repair of equipment necessary for the operation of the Sewerage System. Annual deposits shall be made to the equipment replacement fund in amounts sufficient to meet the equipment replacement itemized schedule developed by the Municipality or the percentage schedule option. The Project Manager Summary Page (Exhibit F) shall specify the required annual deposit or required minimum balance/percentage.

Section 5.03. Compliance with Law At all times during construction of the Project and operation of the Sewerage System, the Municipality shall comply with all applicable federal, state, and local laws, ordinances, rules, regulations, permits, approvals, and this FAA, including without limitation, the Act, the Regulations and the WPDES Permit.

Section 5.04. Public Ownership The Municipality shall at all times retain ownership of the Project and the Sewerage System of which it is a part.

Section 5.05. Establishment of Project Accounts; Audits

(a) The Municipality shall maintain Project accounts in accordance with generally accepted accounting principles (GAAP), including standards relating to the reporting of infrastructure assets, and directions issued by the CWFP. Without any request, the Municipality shall furnish to DOA, as soon as available and in any event within one hundred twenty (120) days after the close of each fiscal year, a copy of the audit report for such year and accompanying GAAP-based financial statements for such period, as examined and reported by such independent certified public accountants of recognized standing selected by the Municipality and reasonably satisfactory to DOA, whose reports shall indicate that the accompanying financial statements have been prepared in conformity with GAAP and include standards relating to the reporting of infrastructure assets.

(b) The Municipality shall maintain a separate account that reflects the receipt and expenditure of all CWFP funds for the Project. All Loan proceeds shall be credited promptly upon receipt thereof and

shall be reimbursement for or expended only for Project Costs. The Municipality shall permit any authorized representative of DNR or DOA, or agents thereof, the right to review or audit all records relating to the Project or the Loan, and shall produce, or cause to be produced, all records relating to any work performed under the terms of this FAA for examination at such times as may be designated by any of them or their authorized representatives, and shall permit extracts and copies of the Project records to be made by them or their authorized representatives, and shall fulfill information requests by them or their authorized representatives.

Section 5.06. Records The Municipality shall retain all files, books, documents and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Sewerage System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. Engineering Inspection The Municipality shall provide competent and adequate inspection of all Project construction, under the direction of a professional engineer licensed by the State. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied, unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use or permit the use of any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds or take any action or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the CWFP are advanced to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates within three business days and that all amounts actually received by such Municipality from the CWFP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(5) of the Code or any successor provision.

Section 5.10. User Fee Covenant

(a) The Municipality hereby certifies that it has adopted and shall charge User Fees with respect to the Project in accordance with applicable laws and the Act and in amounts such that revenues of the Municipality with respect to the Project shall be sufficient, together with other funds available to the

Municipality for such purposes, to pay all costs of operating and maintaining the Project in accordance with this FAA, and to pay all amounts due under this FAA and the Municipal Obligations.

(b) The Municipality covenants that it shall adopt and shall adequately maintain for the design life of the Project a system of User Fees with respect to the Project in accordance with s. NR 162.08, Wis. Adm. Code. The Municipality covenants that it shall review the User Charge System at least every two years and shall revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of any material damage to or destruction of the Project or any part thereof, or actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain, or otherwise, all or a part of the Sewerage System, any action, suit or proceeding at law or in equity or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project or operate the Sewerage System or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless and defend DNR, DOA and all their officers, employees, and agents, against any and all liability, claims, costs of whatever kind and nature, for injury to or death of any person or persons, and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project, acts, or omissions of the Municipality's employees, agents, or representatives.

Section 5.13. Nondiscrimination Covenant

(a) In connection with the Project, the Municipality agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but is not limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provision of the nondiscrimination clause.

(b) The Municipality shall incorporate into all Project contracts which have yet to be executed the following provision: "In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant because of age, race, religion, color, handicap, sex, physical condition, developmental disability, or national origin. The contractor further agrees to comply with fair employment practices pursuant to subchapter II of ch. 111, Wis. Stats. This provision shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor further agrees to take affirmative action to ensure equal employment opportunities for persons with disabilities. The contractor agrees to post in conspicuous places, available for employees and applicants for employment, notices setting forth the provisions of the nondiscrimination clause."

Section 5.14. Employees The Municipality or its employees or agents are not employees or agents of the DNR or DOA for any purpose, including worker's compensation.

Section 5.15. Adequate Funds The Municipality shall have sufficient funds available to repay the Loan. The Municipality shall have sufficient funds available when construction of the Project is completed to ensure effective operation and maintenance of the Project for purposes constructed.

Section 5.16. Management The Municipality shall provide and maintain competent and adequate management, supervision, and inspection at the construction site to ensure that the completed work conforms with the Plans and Specifications. The Municipality shall furnish progress reports and such other information as DNR may require.

Section 5.17. Reimbursement Any payment made under the Loan to the Municipality in excess of the amount determined by final audit to be due the Municipality shall be reimbursed to DOA within 60 days after DNR or DOA provides a notice of overpayment.

Section 5.18. Unpaid User Fees The Municipality shall, to the fullest extent permitted by law, take all actions necessary to certify any unpaid User Fees to the county treasurer in order that such unpaid User Fees will be added as a special charge to the property tax bill of the user.

Section 5.19. Sewer Use Ordinance The Municipality shall comply with the provisions of the Sewer Use Ordinance, as certified in the Application. The Municipality covenants that it shall comply with and enforce all provisions of the Sewer Use Ordinance, as established pursuant to the Act and Regulations.

Section 5.20. Rebates The Municipality agrees to pay to the CWFP any refunds, rebates, credits, or other amounts received for Project Costs that have already been funded by the CWFP. The CWFP shall then apply the amount it receives as a Loan prepayment.

Section 5.21. Maintenance of Legal Existence

(a) Except as provided in par. (b), the Municipality shall maintain its legal existence and shall not dissolve or otherwise dispose of all or substantially all of its assets and shall not consolidate with or merge into another legal entity.

(b) A Municipality may consolidate with or merge into any other legal entity, dissolve or otherwise dispose of all of its assets or substantially all of its assets, transfer all or substantially all of its assets to another legal entity (and thereafter be released of all further obligation under this FAA and the Municipal Obligations) if:

- (1) the resulting, surviving, or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;
- (2) such resulting, surviving, or transferee legal entity is eligible to receive financial assistance under the Act;
- (3) such resulting, surviving, or transferee legal entity expressly assumes in writing all of the obligations of the Municipality contained in this FAA and the Municipal Obligations and any other documents the CWFP deems reasonably necessary to protect its environmental and credit interests; and
- (4) the CWFP shall have consented in writing to such transaction, which consent may be withheld in the absolute discretion of the CWFP.

Section 5.22. Wage Rate Requirements The Municipality represents that it shall comply with Section 513 of the Federal Water Pollution Control Act (33 USC 1372), which requires that all laborers and mechanics employed by contractors and subcontractors funded directly by or assisted in whole or in part with funding under this Loan shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor (DOL) in accordance with subchapter IV of chapter 31 of title 40, United States Code.

Section 5.23. Use of American Iron and Steel The Municipality agrees to comply with the requirements for Use of American Iron and Steel contained in H.R 3547 for products used in the Project which are made primarily of iron and steel.

PROJECT MANAGER SUMMARY PAGE

VILLAGE OF CROSS PLAINS
CWFP Project No. 4417-04

1. **Project Description:** This project addresses the poor condition of the water mains, sewer mains, and road way on Main Street in the Village of Cross Plains. The Department of Transportation is funding the majority of the road work. The Safe Drinking Water (project #5537-01) and Clean Water programs are funding the water main and sewer portions of the project. Additional contingency is a necessity due to the potential presence of contaminated soil in the remaining road way to be replaced. There are Market Rate Costs associated with this project totaling \$40,688.30; the village contribution of \$432,620.00 toward CWFP eligible costs more than cover the market rate portion.
2. **Ineligible Costs:** Costs related to the majority of the road work and the water main work are not considered eligible. The DOT portion totals \$7,702,169.75. The Safe Drinking Water portion totals \$1,491,359.
3. **Other Funding Sources:** DOT and SDWLP are contributing to the CWF ineligible portion of this project. The Clean Water eligible portion totals \$2,084,202 of which, the village is paying \$432,620 (\$123,000 in engineering and \$309,620 in construction)
4. **Miscellaneous Costs:** As shown in the Project Budget Sheet Summary (Exhibit A), CWFP funding in the amount of \$60,510 is included in the Miscellaneous category for:
 - ◆ Soil Compact* - \$40,000
 - ◆ Wisconsin DOT 1% E/CM * - \$20,510

Each construction-related item, denoted by an asterisk (*), will require review and approval by the regional Construction Management Engineer (CME) **prior** to reimbursement from the CWFP. The municipality must provide the CME with a copy of the vendor's invoice, procurement method used and applicable bidding and contracting documentation. When the CME has determined eligibility and given approval, the municipality may request reimbursement from the CWFP.
5. **Contingency Allowance:** The contingency total is \$132,825.38. The Contingency allowance of \$22,957.30 is five percent of the amount of uncompleted construction work. An additional \$109,868.08 has been approved by the CME to address possible soil contamination issues. Change orders must be approved by the regional CME prior to requesting reimbursement.
6. **Equipment Replacement Fund:** The Municipality shall establish an equipment replacement fund according to s. NR 162.08, Wis. Adm. Code, and maintain the equipment replacement fund as a separate fund of the Municipality. Annual deposits shall be made to the equipment replacement fund in amounts sufficient to meet the equipment replacement schedule developed by the Municipality. In reviewing the equipment replacement fund schedule in the CWFP application, the annual deposit is estimated at \$65,368.
7. **DBE Good Faith Effort:** A Good Faith Effort was made. DBEs were utilized.
8. **Green Project Reserve:** None
9. **Use of American Iron and Steel:** Required as Part of the Clean Water Fund Program as well as Wisconsin DOT.

10. Composite Interest Rate:

The Municipality is paying at least \$40,688.30 (1.93%) of eligible Project Costs from internal funds so the entire loan can be funded at the subsidized interest rate. On the first Request for Disbursement, the Municipality shall request a minimum of \$50,000 from the CWFP in order to meet the minimum IRS bond closing amount. If the first loan disbursement includes costs in excess of \$50,000, then the Municipality shall pay these invoices up to a maximum of \$40,688.30. On subsequent disbursement requests, the Municipality is responsible for paying Project Costs until the Municipality's \$40,688.30 commitment has been met. The Municipality shall submit invoices to DNR for all Project Costs it pays with its internal funds in order to document that it has contributed the full \$40,688.30 amount to the Project.
